
COMMENTS RECEIVED FOR PROPOSED RULE REVISIONS:
CITIZENS' PETITION TO PROHIBIT CERTAIN MARIJUANA USES
IN THE D-GN2 SUBDISTRICT

Part 2 of 3

The following pages compile written comments filed with the Maine Land Use planning Commission regarding the Citizens' Petition to prohibit certain marijuana uses in the D-GN2 subdistrict.

Rebuttal Comments: (Information or viewpoints that refute, contest, correct, or otherwise counter comments submitted during the comment period.) The deadline for submissions in rebuttal to prior comments is **August 2, 2021**. Rebuttal comments will be posted on the LUPC's rulemaking webpage (www.maine.gov/dacf/lupc/laws_rules/proposed_rules/rules.shtml) shortly thereafter.

[NOTE: Because personally identifiable information (PII)¹ can be used to conduct fraud (e.g., steal a person's identity), signatures and physical or mailing addresses have been redacted from these materials.]

¹ Information that permits the identity of an individual to whom the information applies to be reasonably inferred by either direct or indirect means. Further, PII is defined as information: (i) that directly identifies an individual (e.g., name, address, social security number or other identifying number or code, telephone number, email address, etc.) or (ii) by which an agency intends to identify specific individuals in conjunction with other data elements, i.e., indirect identification. RE: Prohibition of Certain Medical and Adult Use Marijuana Activities
In the Community Center D-GN2 Subdistrict in Rangeley Plantation,
Dallas Plantation and Sandy River Plantation

Dear Commissioners:

I am submitting this letter to express my support for the proposed prohibition of most marijuana extraction, cultivation, processing, manufacturing and retail sale activities in the Community Center D-GN2 Subdistrict in Rangeley Plantation, Dallas Plantation and Sandy River Plantation, as originally proposed by citizen petition.

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

Thank you for your consideration of this request.

Respectfully submitted,

We have owned property in Rangeley Pkt for over 30 years. Our family and friends visit our year round home to enjoy the quality of life we have here. I should not have to experience the marijuana smell every time they drive down Herbie Welch Rd!
The staff's decision is not in keeping with the original intent of the D-GN2 zones

RE: Prohibition of Certain Medical and Adult Use Marijuana Activities
In the Community Center D-GN2 Subdistrict in Rangeley Plantation,
Dallas Plantation and Sandy River Plantation

Dear Commissioners:

I am submitting this letter to express my support for the proposed prohibition of most marijuana extraction, cultivation, processing, manufacturing and retail sale activities in the Community Center D-GN2 Subdistrict in Rangeley Plantation, Dallas Plantation and Sandy River Plantation, as originally proposed by citizen petition.

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

Thank you for your consideration of this request.

Respectfully submitted,

Susan R Cramer

Dear Commissioners:

I am submitting this letter to express my support for the proposed prohibition of most marijuana extraction, cultivation, processing, manufacturing and retail sale activities in the Community Center D-GN2 Subdistrict in Rangeley Plantation, Dallas Plantation and Sandy River Plantation, as originally proposed by citizen petition.

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

Thank you for your consideration of this request.

Dallas Plantation and Sandy River Plantation

Dear Commissioners:

I am submitting this letter to express my support for the proposed prohibition of most marijuana extraction, cultivation, processing, manufacturing and retail sale activities in the Community Center D-GN2 Subdistrict in Rangeley Plantation, Dallas Plantation and Sandy River Plantation, as originally proposed by citizen petition.

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

Thank you for your consideration of this request.

Respectfully submitted,

H PAUL REYNOLDS

Dallas Plantation and Sandy River Plantation

Dear Commissioners:

I am submitting this letter to express my support for the proposed prohibition of most marijuana extraction, cultivation, processing, manufacturing and retail sale activities in the Community Center D-GN2 Subdistrict in Rangeley Plantation, Dallas Plantation and Sandy River Plantation, as originally proposed by citizen petition.

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

Thank you for your consideration of this request.

Respectfully submitted,

Dallas Plantation and Sandy River Plantation

Dear Commissioners:

I am submitting this letter to express my support for the proposed prohibition of most marijuana extraction, cultivation, processing, manufacturing and retail sale activities in the Community Center D-GN2 Subdistrict in Rangeley Plantation, Dallas Plantation and Sandy River Plantation, as originally proposed by citizen petition.

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

Thank you for your consideration of this request.

Respectfully submitted,

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

Thank you for your consideration of this request.

Respectfully submitted,

RE: Prohibition of Certain Medical and Adult Use Marijuana Activities
In the Community Center D-GN2 Subdistrict in Rangeley Plantation,
Dallas Plantation and Sandy River Plantation

Dear Commissioners:

I am submitting this letter to express my support for the proposed prohibition of most marijuana extraction, cultivation, processing, manufacturing and retail sale activities in the Community Center D-GN2 Subdistrict in Rangeley Plantation, Dallas Plantation and Sandy River Plantation, as originally proposed by citizen petition.

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

RE: Prohibition of Certain Medical and Adult Use Marijuana Activities
In the Community Center D-GN2 Subdistrict in Rangeley Plantation,
Dallas Plantation and Sandy River Plantation

Dear Commissioners:

I am submitting this letter to express my support for the proposed prohibition of most marijuana extraction, cultivation, processing, manufacturing and retail sale activities in the Community Center D-GN2 Subdistrict in Rangeley Plantation, Dallas Plantation and Sandy River Plantation, as originally proposed by citizen petition.

I urge the Commission to approve the alternative text of the proposed rule change that has been offered by the Commission's staff.

The Community Center D-GN2 Subdistrict was established in the Rangeley Area Prospective Zoning Plan to create focal points for community life that would include mutually supportive civic, nonprofit, residential, and small scale commercial uses. Marijuana cultivation, extraction, processing, manufacturing and retail sale uses should not be located in the Community Center Subdistrict when there are other subdistricts where those uses can be more appropriately located.

Thank you for your consideration of this request.

Respectfully submitted,

May 2021
