Dear Mr. Hinkel,

On behalf of Groups 2 and 10, we note the following from the LUPC Site Visit Report: "Due to a communication glitch with the landowner, E.J. Carrier, we were not able to gain access to the shoreline of Beattie Pond as intended. We reviewed the Applicant's Photosimulations I and IA (revised January 25, 2019) for Beattie Pond before backtracking to Route 201 and ending the site visit."

Given that the purpose of the site visit was to allow the Commissioners to observe first hand certain areas, the failure to attain access to one of the critical areas, Beattie Pond, suggests that a site visit to Beattie Pond should be rescheduled. Additionally, reliance on the Applicant's photosimulations undermines the purpose of going out and observing first hand. If possible, it may have only reinforced the Applicant's skewed vision, as we argued in our post hearing briefs, rather than elucidating the view for the Commissioners. For these reasons Groups 2 and 10 respectfully request that the LUPC consider a rescheduled site visit to Beattie Pond.

Thank you for your consideration of this request.
