Ms. Lisa-kay Keen
Maine Department of Environmental Protection
17 State House Station
Augusta, ME 04333-0017

Dear Ms. Spencer-Famous and Ms. Keen:

Maine Mountain Power is submitting Revision 1.1 of its Redington permit application. These revisions and clarifications are based on questions from LURC during the review for completeness. Correspondence between LURC and MMP relating to the completeness review can be found in the clarifications document. In addition, a revision sheet identifies the specific changes made to the application.

Both the revision sheet and a clarification document for Revision 1.1 are in the front of the application.

Documents within the permit application have been updated as indicated on the revision sheet.

Thank you for your review of this application.

Sincerely,

Harley Lee,
President, Endless Energy
Corporation, a member of MMP
