

Kennebec Land Trust 2012 Sustainable Forestry Education Program* Curtis Homestead Conservation Area

In October of 2012, KLT hosted over 250 students and teachers from six schools at the Trust's 360-acre Curtis Homestead Conservation Area in Leeds. KLT's Curtis Homestead property is Governor Kenneth Curtis's childhood home. This was KLT's fourth annual sustainable forestry demonstration program.

KLT's forestry education presentation is focused on forest stewardship, sustainable forestry, careers in forestry, and wildlife habitat. The programs were led by logger, Nat Bell, sawyer, Bruce Bell, Maine Forest Service District Forester Shane Duigan, and natural science educator, Lisa Kane, Maine Department of Inland Fisheries and Wildlife.

THANK YOU!

Nat Bell, Logger, Leeds

Bruce Bell, Sawyer, Leeds

**Lisa Kane, Wildlife Educator,
