

Section 11. PUBLIC NOTICE

This application complies with the MDEP Rules (Chapter 2, Sections 13 and 14 of the Code of Maine Rules). The requisite notifications have been issued and public meetings, in which the Applicant has participated, are discussed and documented in this section.

11.1. PUBLIC INFORMATION MEETINGS AND NOTICES

The Applicant has held five separate MDEP-compliant public information meetings since December 2019.

A Public Informational Meeting was held on December 19, 2019, at the Columbia Town Hall. The Applicant presented background information on the Project, information on the Project's impacts to environmental resources, answered questions about the Project, and discussed the Project with abutters and other interested parties and members of the public. Copies of the MDEP's *Public Participation in the Licensing Process* and the required handout listing the state, local, and federal licenses necessary for the Project, and detailing its expected environmental impacts, were readily available at the meeting.

A copy of the *Public Notice of Informational Meeting* was sent via certified mail to Project participants and abutters. Public notice of the meeting was published in the *County Wide* newspaper on December 3, 2019, and in the *Machias Valley News Observer* on December 11, 2019. Approximately 59 people attended the Project's Public Information meeting. Presentation materials from this meeting can be found online at www.downeastwindfarm.com/december2019_publicmeeting.

Two additional Public Informational Meetings were held on February 5 and February 6, 2020, at the Columbia Town Hall, to provide another opportunity for interested residents to learn about the Project. The Applicant presented updated information on the Project, information on impacts to environmental resources, economic aspects, safety issues, and viewshed analyses. Presenters answered questions about the Project, and discussed the Project with landowners, abutters, and other interested parties and members of the public. Copies of the MDEP's *Public Participation in the Licensing Process* and the required handout listing the state, local and federal licenses necessary for the project and detailing its expected environmental impacts were readily available and circulated at both meetings.

A copy of the *Public Notice of Informational Meeting* for the February 2020 meetings was sent via certified mail to Project participants and abutters. It was also sent to other area residents via first class mail. Public notice of the meeting was published in the *County Wide* newspaper on January 28, 2020 and in the *Machias Valley News Observer* on January 22, 2020. Approximately 55 people attended the Project's Public Information Meeting on February 5, 2020 and 7 people attended the meeting on February 6, 2020, which was held during a snowstorm. A video recording of the February 5 meeting and presentation materials are available online at www.downeastwindfarm.com/february2020_publicmeetings.

A fourth Public Informational Meeting was held virtually on March 11, 2021 in order to comply with Maine state COVID-19 protocols. The Applicant consulted with MDEP on the format of the meeting prior to scheduling, which included both telephone and online participation options. The Applicant presented background information and updates on the Project, impacts to environmental resources, economics, viewshed, and safety. The Applicant answered questions

about the Project, and discussed the Project with landowners, abutters, and other interested parties and members of the public. Copies of the MDEP's *Public Participation in the Licensing Process* and the required handout listing the state, local, and federal licenses necessary for the project and detailing its expected environmental impacts were posted to the Applicant's website in advance of the meeting.

A copy of the *Public Notice of Informational Meeting* was sent via certified mail to Project participants, abutters, and other stakeholders. Public notice of the meeting was published in the *County Wide* newspaper on February 23, 2021, and in the *Machias Valley News Observer* on March 3, 2021. Approximately 20 people attended the Project's Public Information Meeting by phone or online on March 11, 2021. A full audio recording of the meeting and presentation materials are available online at www.downeastwindfarm.com/march2021_publicmeeting.

A fifth and final Public Informational Meeting was held virtually on April 28, 2021 in order to comply with Maine state COVID-19 protocols. The meeting was held in the same MDEP-approved format as the March 11, 2021 meeting, and again included both telephone and online participation options. The Applicant presented background information and updates on the Project, impacts to environmental resources, economics, viewshed, and safety. The Applicant answered questions about the Project, and discussed the Project with landowners, abutters, and other interested parties and members of the public. Copies of the MDEP's *Public Participation in the Licensing Process* and the required handout listing the state, local, and federal licenses necessary for the project and detailing its expected environmental impacts were posted to the Applicant's website in advance of the meeting.

A copy of the *Public Notice of Informational Meeting* was sent via certified mail to Project participants, abutters, and other stakeholders. Public notice of the meeting was published in the *County Wide* newspaper on April 20, 2021 and in the *Machias Valley News Observer* on April 21, 2021.

Approximately 17 people attended the Project's Public Information Meeting by phone or online on April 28, 2021. A Certificate of Mailing and a copy of the notice sent are included in Exhibit 11-1. A full audio recording of the meeting and presentation materials are available online at www.downeastwindfarm.com/april2021_public_meeting.

Notice of Intent to File

A notice of intent to file (NOI) was sent to Project participants and abutters on March 1, 2021 in combination with the March 11, 2021 Public Meeting Notice. However, the Applicant was not able to complete the application in time to file in early April as anticipated in the first notice. Therefore, an updated notice of intent to file reflecting a new anticipated filing date of April 30, 2021 was mailed to project participants, abutters, and other stakeholders via certified mail on April 22, 2021. A copy of the notice and Certificate of Mailing are included in Exhibit 11-1. A copy of the updated NOI was submitted to the *Machias Valley News Observer* and published on April 28, 2021 and is included in Exhibit 11-1.

11.2. COMMUNITY OUTREACH

Community outreach has been a priority for Downeast Wind since the Project began development in 2013. The Applicant opened a local Project office at Four Corners in Columbia in 2016 and held regular office hours where residents were invited to ask questions and voice concerns. The Applicant has also maintained a website (www.downeastwindfarm.com) that is updated routinely

with Project information and facilitates direct contact with the public. The primary objectives of the Applicant's public outreach activities are effective public communication to facilitate input and feedback about Project particulars and coordination of citizen and community involvement in the development process. Downeast Wind representatives have also done outreach to agencies, which has helped to inform the Project design and other features. This outreach is summarized in Sections 7, 8, 9, and 27.

In addition to the Public Information Meetings described in Section 11.1, Downeast Wind has held 9 open houses and public events since 2016. These events were advertised via direct mailings, local flyers, newsletters, and/or newspaper ads. In addition to providing general Project updates, some of these meetings served more specific purposes. For example, residents were invited to the Project office on February 28, 2017 to provide input on what community benefits they would like to see the Project bring to the local area. There were also two open houses on February 12 and 13, 2020 where residents were invited to view the Project's visual simulations. A list of public outreach events is provided in Table 11.1 below.

Table 11-1. Downeast Wind Public Outreach Events, 2016-2021

Event	Date
Open House	May 17, 2016
Local Business Project Network reception	June 8, 2016
Safety coordination meeting - Regional Fire, Safety, First Responders	May 15, 2017
Public Open House and BBQ	October 16, 2017
Community Mapping Meeting	December 15, 2017
Schoodic Lake Project Information Meeting	February 6, 2018
Public Information Meeting & Survey on Project Impacts/Benefits (23 respondents).	February 7, 2018
Community Update Meeting	February 8, 2018
Public Meeting: Survey of public feedback for Community Benefits and investments	August 9, 2018
Columbia Approval for underground utilities	October 15, 2018
Individual meetings with Schoodic Lake owners for lake owner improvement investments	May 21-29, 2019
Public Open House	June 11, 2019
Door to door outreach to get feedback on TIF and Community Benefits	June 11-14, 2019
December 2019 Public Information Meeting	December 19, 2019
Post-Meeting Survey of Public Meeting Attendees	January 2020
Washington County Commission Public Hearing Presentation on TIF Agreement	January 9, 2020
February 2020 Public Information Meetings	February 5 & 6, 2020
Schoodic Lake Visual Simulation Open House	February 12 & 13, 2020
March 2021 Public Information Meeting	March 11, 2021
April 2021 Public Information Meeting	April 28, 2021
Ongoing Outreach:	
Attendance at Columbia Selectmen Meetings, Annual Town Meetings, and Washington County Commissioner Meetings.	

**EXHIBIT 11-1: PUBLIC INFORMATION MEETING AND NOTICE OF INTENT MAILINGS
AND NEWSPAPER PUBLICATIONS**

NOTICE OF PUBLIC INFORMATIONAL MEETING

Please take notice that Downeast Wind, LLC, with its principal offices at 366 US Highway Route 1, Columbia, ME 04623, Attention: Robert Gee, (207) 618-8979, will be hosting an additional public informational meeting regarding the Downeast Wind project. This meeting will be held in accordance with the project's applications under the Site Location of Development Act, Natural Resources Protection Act, and 401 Water Quality Certification with the Maine Department of Environmental Protection pursuant to the provisions of 38 M.R.S.A. §§ 481-490, 38 M.R.S. §§ 480-A thru 480-BB, 35-A M.R.S. §§ 3401-3459, and 33 U.S.C. § 1341.

The meeting will inform the public about the construction and operation of the Downeast Wind project, a 126 MW wind energy development located in the Town of Columbia and the unorganized areas of T18 MD BPP and T24 MD BPP, in Washington County, Maine. The Project will include up to 30 wind turbines and associated infrastructure, including an operations and maintenance building, collector lines, a substation and switchyard, access roads, temporary and permanent meteorological towers, crane paths, and construction laydown areas.

An additional purpose of the meeting is to inform the public of the project's anticipated environmental impacts and to educate the public about opportunities for public comment on the project.

Due to the COVID-19 pandemic and restrictions on in-person gatherings, **the public meeting will be held by telephone and online means on Wednesday April 28, 2021, starting at 6:00 p.m.** Interested members of the public may join by phone by calling (866) 416-5252. A live online version of the meeting audio and presentation slides will also be available at www.downeastwindfarm.com/April2021_public_meeting. Questions from the public will be taken both online and by phone. Area residents who are unable to access presentation materials online may request materials be sent by mail by calling (207) 618-8979 or emailing info@downeastwindfarm.com.

PUBLIC NOTICE

Radio Club

Honoring USS Squalus Crew

The submarine USS Squalus sank in the Gulf of Maine on May 23, 1939. Twenty-six of its crew were lost, but miraculously, 33 others were saved.

The Maine Ham Radio Society, based out of Milbridge, will be honoring the Squalus and its crew with a special "Remember The Squalus" event on the amateur radio airwaves on the 82nd anniversary of the tragic accident. Using the special FCC-issued callsign W1S, club members will take to the airwaves and make contacts nationally and around the globe, making other hams aware of the Squalus. Special certificates will be awarded to hams who successfully make contact with W1S that day, upon request.

For more information on the USS Squalus special event and other Maine ham radio activiti

NOTICE OF PUBLIC INFORMATIONAL MEETING

Please take notice that Downeast Wind, LLC, with its principal offices at 366 US Highway Route 1, Columbia, ME 04623, Attention: Robert Gee, (207) 618-8979, will be hosting an additional public informational meeting regarding the Downeast Wind project. This meeting will be held in accordance with the project's applications under the Site Location of Development Act, Natural Resources Protection Act, and 401 Water Quality Certification with the Maine Department of Environmental Protection pursuant to the provisions of 38 M.R.S.A. §§ 481-490, 38 M.R.S. §§ 480-A thru 480-BB, 35-A M.R.S. §§ 3401-3459, and 33 U.S.C. § 1341.

The meeting will inform the public about the construction and operation of the Downeast Wind project, a 126 MW wind energy development located in the Town of Columbia and the unorganized areas of T18 MD BPP and T24 MD BPP, in Washington County, Maine. The Project will include up to 30 wind turbines and associated infrastructure, including an operations and maintenance building, collector lines, a substation and switchyard, access roads, temporary and permanent meteorological towers, crane paths, and construction laydown areas.

UPDATED NOTICE OF INTENT TO FILE

Please take notice that Downeast Wind, LLC, with its principal offices at 366 US Highway Route 1, Columbia, ME 04623, Attention: Robert Gee, (207) 618-8979, is intending to file applications for a Site Location of Development Act permit, a Natural Resources Protection Act permit and a 401 Water Quality Certification with the Maine Department of Environmental Protection pursuant to the provisions of 38 M.R.S.A. §§ 481-490, 38 M.R.S. §§ 480-A thru 480-BB, 35-A M.R.S. §§ 3401-3459, and 33 U.S.C. § 1341. The Applicant is providing this updated Notice of Intent to File that it now intends to file these applications (collectively “Application”) on or about April 30, 2021.

The Application is to allow for the construction and operation of the Downeast Wind project, a 126 MW wind energy development located in the Town of Columbia and the unorganized areas of T18 MD BPP and T24 MD BPP, in Washington County, Maine. The Project will include up to 30 wind turbines and associated infrastructure, including an operations and maintenance building, collector lines, a substation and switchyard, access roads, temporary and permanent meteorological towers, crane paths, and construction laydown areas.

The applicant has previously held public informational meetings to inform the public about the Project and its anticipated environmental impacts and to educate the public about the opportunities for public comment on the Project. Members of the public who would like to see presentation materials from past public meetings can visit www.downeastwindfarm.com.

A request for a public hearing on the Application must be received by the Department in writing, no later than 20 days after the Application is found by the Department to be complete and is accepted for processing. A public hearing may or may not be held at the discretion of the Commissioner. Public comment on the Application will be accepted throughout the processing of the Application.

The Site Location application will include a request, pursuant to 12 M.R.S.A. § 685(1-A)(B-1), that the Land Use Planning Commission (LUPC) certify to the Department that the development is an allowed use in the subdistricts in which it is proposed and that the development will comply with applicable LUPC land use standards that are not considered in the Department’s review.

A request for a LUPC public hearing on the request for certification and/or petition to leave to intervene in any such hearing must be received by the LUPC in writing no later than 20 days after the request for certification is found by the LUPC to be complete and accepted for processing. The LUPC will consider the degree of public interest when determining whether to hold a public hearing, but the decision whether to hold a hearing is at the LUPC's discretion.

If the LUPC holds a public hearing, members of the public also may offer testimony at the hearing without formally intervening in the hearing, and/or may submit written comments until the close of the record. A request or petition that is not timely filed will be denied unless the requestor/petitioner shows good cause for failure to file on time. Filing may be by electronic mail or facsimile if followed by receipt of an original signed document within five working days. The LUPC's provisions for intervention may be found in Chapter 5, Section 5.13 of the LUPC's rules, which are available at www.maine.gov/dacf/lupc/laws_rules/index.shtml.

If no public hearing is held, interested persons may submit written comments on the LUPC certification throughout the processing of the certification. Written public comments and questions on the request for certification may be mailed to the LUPC's office in Augusta: Attn: Ben Godsoe, Land Use Planning Commission, 22 State House Station, Augusta, ME 04333; emailed to Benjamin.Godsoe@maine.gov, or faxed to (207) 287-7439.

For Federally licensed, permitted, or funded activities in the Coastal Zone, review of the Application shall also constitute the State's consistency review in accordance with the Maine Coastal Program pursuant to Section 307 of the federal Coastal Zone Management Act, 16 U.S.C. § 1456.

The Application will be filed for public inspection at the Department of Environmental Protection's office in Bangor and the LUPC's office in Augusta and Bangor during normal working hours. A copy of the Application may also be seen at the municipal offices in Columbia, Maine and the Washington County offices in Machias, Maine.

Written public comments may be sent to the Department's regional office in Bangor where the application is filed for public inspection: Attn. Maria Eggett, MDEP, Eastern Maine Regional Office, 106 Hogan Road, Bangor, Maine 04401, (207) 941-4570 or submitted by e-mail at Downeastwind.dep@maine.gov.

NOTICES / LEGALS

PUBLIC NOTICE

The Machias Cemetery Association will hold its annual meeting at 4 p.m. Friday May 7, 2021 on site at Longfellow Cemetery. All members are requested, and those interested in serving the Association, are welcome to attend (masks and social distancing per covid guidelines required) Longfellow Cemetery Lot owners are encouraged to remove wreaths, flowers, and personal items from lots by May 7th, and new items may be placed beginning May 14th following spring clean-up.

Thank you, Machias Cemetery Association

MVNC000009392

UPDATED NOTICE OF INTENT TO FILE

Please take notice that Downeast Wind, LLC, with its principal offices at 366 US Highway Route 1, Columbia, ME 04623, Attention: Robert Gee, (207) 618-8979, is intending to file applications for a Site Location of Development Act permit, a Natural Resources Protection Act permit and a 401 Water Quality Certification with the Maine Department of Environmental Protection pursuant to the provisions of 38 M.R.S.A. §§ 481-490, 38 M.R.S. §§ 480-A thru 480-BB, 35-A M.R.S. §§ 3401-3459, and 33 U.S.C. § 1341. The Applicant is providing this updated Notice of Intent to File that it now intends to file these applications (collectively "Application") on or about April 30, 2021.

The Application is to allow for the construction and operation of the Downeast Wind project, a 126 MW wind energy development located in the Town of Columbia and the unorganized areas of T18 MD BPP and T24 MD BPP, in Washington County, Maine. The Project will include up to 30 wind turbines and associated infrastructure, including an operations and maintenance building, collector lines, a substation and switchyard, access roads, temporary and permanent meteorological towers, crane paths, and construction laydown areas.

The applicant has previously held public informational meetings to inform the public about the Project and its anticipated environmental impacts and to educate the public about the opportunities for public comment on the Project. Members of the public who would like to see presentation materials from past public meetings can visit www.downeastwindfarm.com.

A request for a public hearing on the Application must be received by the Department in writing, no later than 20 days after the Application is found by the Department to be complete and is accepted for processing. A public hearing may or may not be held at the discretion of the Commissioner. Public comment on the Application will be accepted throughout the processing of the Application.

The Site Location application will include a request, pursuant to 12 M.R.S.A. § 685(1-A)(B-1), that the Land Use Planning Commission (LUPC) certify to the Department that the development is an allowed use in the subdistricts in which it is proposed and that the development will comply with applicable LUPC land use standards that are not considered in the Department's review.

A request for a LUPC public hearing on the request for certification and/or petition to leave to intervene in any such hearing must be received by the LUPC in writing no later than 20 days after the request for certification is found by the LUPC to be complete and accepted for processing. The LUPC will consider the degree of public interest when determining whether to hold a public hearing, but the decision whether to hold a hearing is at the LUPC's discretion.

If the LUPC holds a public hearing, members of the public also may offer testimony at the hearing without formally intervening in the hearing, and/or may submit written comments until the close of the record. A request or petition that is not timely filed will be denied unless the requestor/petitioner shows good cause for failure to file on time. Filing may be by electronic mail or facsimile if followed by receipt of an original signed document within five working days. The LUPC's provisions for intervention may be found in Chapter 5, Section 5.13 of the LUPC's rules, which are available at www.maine.gov/dacf/lupc/laws_rules/index.shtml.

If no public hearing is held, interested persons may submit written comments on the LUPC certification throughout the processing of the certification. Written public comments and questions on the request for certification may be mailed to the LUPC's office in Augusta: Attn: Ben Godsoe, Land Use Planning Commission, 22 State House Station, Augusta, ME 04333; emailed to Benjamin.Godsoe@maine.gov, or faxed to (207) 287-7439.

For Federally licensed, permitted, or funded activities in the Coastal Zone, review of the Application shall also constitute the State's consistency review in accordance with the Maine Coastal Program pursuant to Section 307 of the federal Coastal Zone Management Act, 16 U.S.C. § 1456.

The Application will be filed for public inspection at the Department of Environmental Protection's office in Bangor and the LUPC's office in Augusta and Bangor during normal working hours. A copy of the Application may also be seen at the municipal offices in Columbia, Maine and the Washington County offices in Machias, Maine.

Written public comments may be sent to the Department's regional office in Bangor where the application is filed for public inspection: Attn. Maria Eggett, MDEP, Eastern Maine Regional Office, 106 Hogan Road, Bangor, Maine 04401, (207) 941-4570 or submitted by e-mail at Downeastwind.dep@maine.gov.

Important Public Notice

Town of Machias - Flushing Lines

During the week of May 16-May 22 the Machias Fire Department along with the Machias Sewer Department will be flushing sewer lines and cleaning sidewalks. The fire hydrants will be used and may cause you to experience rusty water for a short period of time. Please be certain to flush your lines before drinking the water or doing laundry. We apologize for any inconvenience.

MVNC000009377

Machias Water Company

55 West Street Machias, ME 04654 PH# 207-255-3011

Machias Water Company will be conducting Fire Hydrant Testing and Flushing from May 10, 2021 through May 14, 2021. This program will be taking place between the hours of 8:00AM and 5:00PM.

You may be experiencing brown or rusty colored water temporarily in the entire system.

Thank you, Machias Water Company.
