

Section 2. TITLE, RIGHT OR INTEREST

The Applicant has entered into agreements (i.e. lease, easement, or purchase and sale agreements) with the landowners, or their authorized agents, for all the privately-owned land that is part of the proposed Project. For Project components that will be sited on public roadways, applicable location permits have been obtained. Figure 2.1 shows the Project and its location within T24 MD BPP, T18 MD BPP, and the town of Columbia. Table 2-1 identifies the properties, by owner and tax map and lot number, that are part of the Project as well as the Project's interest in those properties. Exhibit 2-1 provides documentation of the Applicant's title, right, or interest in each Project parcel, including memoranda of recordation, if applicable.

MEMORANDUM OF CONSOLIDATED, AMENDED, AND RESTATED LEASE

THIS MEMORANDUM OF CONSOLIDATED, AMENDED, AND RESTATED LEASE (“**Memorandum**”) is made and entered into as of the 4th day of March, 2021, by and between Cherryfield Properties, LLC, a Maine limited liability company (“**Landlord**”) and Downeast Wind, LLC, a Delaware limited liability company (“**Tenant**”).

RECITALS

WHEREAS, Landlord is the owner of the real property located in Washington County, Maine identified and depicted in Exhibit A-1 attached hereto and incorporated by reference herein (the “**Premises**”), such Premises being a part of the whole parcels of real property legally described in Exhibit A attached hereto and incorporated by reference herein (the “**Whole Parcels**”); and

WHEREAS, Landlord and Tenant are parties to that certain Wind Energy Lease with an effective date of December 15, 2016 (as the same may have been modified, amended, assigned, and/or supplemented from time to time, the “**2016 Lease**”), a memorandum of which (the “**2016 Memorandum**”) was recorded on March 14, 2017 as Document No. 2156 in Book 4342 Page 151 in the Washington County Registry of Deeds, Maine (the “**Official Records**”), regarding a portion of the Premises; and

WHEREAS, Landlord and Tenant are parties to that certain Wind Energy Lease with an effective date of April 18, 2018 (as the same may have been modified, amended, assigned, and/or supplemented from time to time, the “**2018 Lease**”), a memorandum of which (the “**2018 Memorandum**”) was recorded on June 11, 2018 as Document No. 5249 in Book 4466 Page 259 in the Official Records, regarding all portions of the Premises not otherwise subject to the 2016 Lease; and

WHEREAS, Landlord and Tenant have entered into that certain Consolidated, Amended, and Restated Wind Energy Lease (the “**Lease**”) dated as of March 4, 2021 (the “**Effective Date**”) pursuant to which the parties incorporated modified terms and conditions into the agreement between the parties as more particularly set forth therein, and as such, while the interest of Tenant in the Premises shall remain effective as of the effective dates of the 2016 Lease and the 2018 Lease with respect to those portions of the Premises affected by the the 2016 Lease and the 2018 Lease, as applicable, the Lease has superseded and replaced the 2016 Lease

and 2018 Lease in their entirety as of the Effective Date, under the terms and conditions set forth therein; and

WHEREAS, Landlord and Tenant have executed and acknowledged this Memorandum of the purpose of providing constructive notice of the Lease, with defined terms used but not otherwise defined herein having the meanings ascribed in the Lease.

1. Lease. For the term and upon the provisions set forth in the Lease, all of which provisions are specifically made a part hereof as though fully and completely set forth herein, Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord for wind energy purposes, the Premises, together with all rights of ingress and egress and all other rights appurtenant to the Premises, as more particularly described in the Lease. Pursuant to the Lease, Tenant has the sole and exclusive rights to use the Premises for wind energy purposes.

2. Term. The initial term of the Lease (the “**Development Period**”) shall expire on April 18, 2025. At any time during the Development Period Tenant may at its sole discretion extend the term of the Lease for an additional thirty (30) year term, with the further option to extend the term for two (2) additional ten (10) year terms.

3. Project Effects Easement Burdening Whole Parcels. Landlord on behalf of themselves and Landlord Affiliates grants to Tenant an easement burdening the Whole Parcels to generate audio, visual, and electrical effects, shadows, shadow flicker, noise, radio interference, and/or other effects on the Premises attributable to the operation of Wind Facilities on the Premises or neighboring real property or any other activities of Tenant related to the Project (the “**Project Effects Easement**”). To the extent that any applicable law, ordinance, regulation or permit establishes, or has established, limits on any visual, light, vibration, electromagnetic, ice or other effect, including shadows, shadow flicker, or any other visible impacts associated with the Wind Facilities, Landlord on behalf of themselves and Landlord Affiliates hereby waives, any and all such requirements to the extent such requirements may apply to the Premises or the Whole Parcels. Notwithstanding the foregoing, in the event that electrical effects, radio interference, and/or other effects or activities attributable to the operation of Wind Facilities on the Premises or neighboring real property impair or in any manner disrupt Landlord’s radio programmed irrigation systems at the Whole Parcels, Tenant shall bear the sole liability to determine and implement remedial actions to eliminate such impairment or disruption of such radio programmed irrigation systems. To the extent that any applicable law, ordinance, regulation or permit establishes, or has established, maximum sound limits resulting from routine operation of Wind Facilities, Owner hereby waives any and all such sound level limit requirements as they apply to the Premises or the Whole Parcels.

4. Retained Lot. With respect to those portions of the Whole Parcels located in Twp. 18 MD or Twp. 24 MD but outside of the Premises leased hereunder and outside of the property subject to the Lease Agreement between Landlord and Dawn Land Solar, LLC with an effective date of October 28, 2016 as amended (the “**Retained Parcels**”), Landlord represents and affirms that, for a period starting on the effective date of the 2016 Lease and ending on the date that is five (5) years after the Effective Date of this Lease, the Retained Parcels have been and shall be:

(a) retained by Landlord and not further divided; and

(b) used for forest or agricultural management activities, and otherwise in accordance with the exemptions of LUPC Rules Section 10.25,Q,1,g,(2) (Retained Lots), or Section 10.25,Q,1,g,(7) (Large Lots Managed for Forest or Agricultural Management Activities or Conservation).

5. Notice. This Memorandum is prepared for the purpose of giving notice of the Lease and in no way modifies the express provisions of the Lease. In the event of any conflict between the terms and provisions of the Lease and this Memorandum, the Lease shall control. This Memorandum consolidates and restates the 2016 Memorandum and the 2018 Memorandum, and shall continue to constitute notice of the Lease and all amendments thereto, even if the Lease is subsequently amended.

6. Successors and Assigns. The covenants, conditions and restrictions contained in the Lease shall run with the land and be binding on the successors and assigns of both Landlord and Tenant. Tenant and any transferee shall have the right throughout the Term to transfer, convey, sublease or assign this Lease or any interest in this Lease, the Premises or the wind facilities to any person or entity without the consent of Landlord.

7. Ownership of Wind Facilities. Tenant shall at all times retain title to the Wind Facilities and shall have the right to remove them from the Premises at any time. Landlord shall have no ownership, lien, security or other interest in any Wind Facilities installed on the Premises and Landlord expressly waives, relinquishes and quitclaims any lien or security interest in and to the Wind Facilities or any other real or personal property of Tenant, whether arising at law or in equity, including any rights Landlord may have under 10 M.R.S.A. Section 3451.

8. No Severance of Wind Energy Rights. Landlord shall not assign or otherwise transfer an interest in the wind energy rights to the Premises, or a portion thereof, separate from fee title to such real property, without Tenant's consent which Tenant may withhold in its sole discretion.

9. Right of Reentry. Upon expiration or termination of the Term, Tenant shall have a license to enter onto the Premises for eighteen (18) months following termination to restore the Premises and for other activities as set forth in the Lease.

The remainder of this page is intentionally blank.

IN WITNESS WHEREOF, and intending to be legally bound hereby, Tenant and Landlord have caused this Memorandum to be duly executed and delivered by their authorized representatives to be effective as of the date first written above.

MEMORANDUM OF LEASE

THIS MEMORANDUM OF WIND ENERGY LEASE ("**Memorandum**") is made and entered into as of the 10 day of April, 2019, by and between Brett M. Cox, Trustee under Revocable Trust Agreement of Brett M. Cox Dated December 5, 2003 and Elaine A. Carey, Trustee under Revocable Trust Agreement of Elaine A. Carey Dated May 5, 2015 (collectively, "**Landlord**") with a tax mailing address of 30145 Bayshore Road, Ocean View, DE 19970, and Downeast Wind , LLC, a Delaware limited liability company, ("**Tenant**") with a tax mailing address of c/o Apex Clean Energy, Inc., Court Square Building, 310 4th Street NE, Suite ~~300~~, Charlottesville, Virginia 22902.

1. Lease. For the term and upon the provisions set forth in that Wind Energy Lease of even date herewith (the "Effective Date") between Landlord and Tenant (the "Lease"), all of which provisions are specifically made a part hereof as though fully and completely set forth herein, Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord for wind energy purposes, that certain real property (the "Premises") located in Washington County, Maine, as more particularly described in Exhibit "A" attached hereto, together with all rights of ingress and egress and all other rights appurtenant to the Premises, as more particularly described in the Lease. Pursuant to the Lease, Tenant has the sole and exclusive rights to use the Premises for wind energy purposes.

2. Term. The term of the Lease shall expire seven (7) years after the Effective Date, if not extended or sooner terminated as provided in this Lease. Tenant may at its sole discretion extend the term of this Lease for an additional thirty (30) year term, with the further option to extend the term for two (2) additional ten (10) year terms.

3. Notice. This Memorandum is prepared for the purpose of giving notice of the Lease and in no way modifies the express provisions of the Lease. In the event of any conflict between the terms and provisions of the Lease and this Memorandum, the Lease shall control.

eme
lll

This Memorandum shall continue to constitute notice of the Lease and all amendments thereto, even if the Lease is subsequently amended.

4. Successors and Assigns. The covenants, conditions and restrictions contained in the Lease shall run with the land and be binding on the successors and assigns of both Landlord and Tenant. Tenant and any transferee shall have the right throughout the Term to transfer, convey, sublease or assign this Lease or any interest in this Lease, the Premises or the wind facilities to any person or entity without the consent of Landlord.

5. Ownership of Wind Facilities. Tenant shall at all times retain title to the Wind Facilities and shall have the right to remove them from the Premises at any time. Landlord shall have no ownership, lien, security or other interest in any Wind Facilities installed on the Premises and Landlord expressly waives, relinquishes and quitclaims any lien or security interest in and to the Wind Facilities or any other real or personal property of Tenant, whether arising at law or in equity, including any rights Landlord may have under 10 M.R.S.A. Section 3451.

6. No Severance of Wind Energy Rights. Landlord shall not assign or otherwise transfer an interest in the wind energy rights to the Premises, or a portion thereof, separate from fee title to such real property, without Tenant's consent which Tenant may withhold in its sole discretion.

7. Right of Reentry. Upon expiration or termination of the Term, Tenant shall have a license to enter onto the Premises for eighteen (18) months following termination to restore the Premises and for other activities as set forth in the Lease.

The remainder of this page is intentionally blank.

IN WITNESS WHEREOF, and intending to be legally bound hereby, Tenant and Landlord have caused this Memorandum to be duly executed and delivered by their authorized representatives to be effective as of the date first written above.

Landlord shall have no ownership, lien, security or other interest in any Wind Facilities installed on the Premises and Landlord expressly waives, relinquishes and quitclaims any lien or security interest in and to the Wind Facilities or any other real or personal property of Tenant, whether arising at law or in equity, including any rights Landlord may have under 10 M.R.S.A. Section 3451.

6. No Severance of Wind Energy Rights. Landlord shall not assign or otherwise transfer an interest in the wind energy rights to the Premises, or a portion thereof, separate from fee title to such real property, without Tenant's consent which Tenant may withhold in its sole discretion.

7. Right of Reentry. Upon expiration or termination of the Term, Tenant shall have a license to enter onto the Premises for eighteen (18) months following termination to restore the Premises and for other activities as set forth in the Lease.

The remainder of this page is intentionally blank.

IN WITNESS WHEREOF, and intending to be legally bound hereby, Tenant and Landlord have caused this Memorandum to be duly executed and delivered by their authorized representatives to be effective as of the date first written above.

MEMORANDUM OF LEASE

THIS MEMORANDUM OF LEASE ("Memorandum") is made and entered into as of the 11th day of April, 2016, by and between Charles E. Cashman, Jr. and Deborah F. Cashman, husband and wife ("Landlord") and Downeast Wind, LLC, a Delaware limited liability company ("Tenant").

1. Lease. For the term and upon the provisions set forth in that Wind Energy Lease of even date herewith (the "Effective Date") between Landlord and Tenant (the "Lease"), all of which provisions are specifically made a part hereof as though fully and completely set forth herein, Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord for wind energy purposes, that certain real property (the "Property") located in Washington County, Maine, as more particularly described in Exhibit "A" attached hereto, together with all rights of ingress and egress and all other rights appurtenant to the Property, as more particularly described in the Lease. Pursuant to the Lease, Tenant has the sole and exclusive rights to use the Property for wind energy purposes.

2. Term. The term of the Lease shall expire seven (7) years after the Effective Date, if not extended or sooner terminated as provided in this Lease. Tenant may at its sole discretion extend the term of this Lease for an additional thirty (30) year term, with the further option to extend the term for two (2) additional ten (10) year terms.

3. Notice. This Memorandum is prepared for the purpose of giving notice of the Lease and in no way modifies the express provisions of the Lease. In the event of any conflict between the terms and provisions of the Lease and this Memorandum, the Lease shall control. This Memorandum shall continue to constitute notice of the Lease and all amendments thereto, even if the Lease is subsequently amended.

4. Successors and Assigns. The covenants, conditions and restrictions contained in the Lease shall run with the land and be binding on the successors and assigns of both Landlord and Tenant. Tenant and any transferee shall have the right throughout the Term to transfer, convey, sublease or assign this Lease or any interest in this Lease, the Property or the wind facilities to any person or entity without the consent of Landlord.

5. Ownership of Wind Facilities. Tenant shall at all times retain title to the Wind Facilities and shall have the right to remove them from the Property at any time. Landlord shall have no ownership, lien, security or other interest in any Wind Facilities installed on the Property and Landlord expressly waives, relinquishes and quitclaims any lien or security interest in and to the Wind Facilities or any other real or personal property of Tenant, whether arising at law or in equity, including any rights Landlord may have under 10 M.R.S.A. Section 3451.

6. No Severance of Wind Energy Rights. Landlord shall not assign or otherwise transfer an interest in the wind energy rights to the Property, or a portion thereof, separate from fee title to such real property, without Tenant's consent which Tenant may withhold in its sole discretion.

7. Right of Reentry. Upon expiration or termination of the Term, Tenant shall have a license to enter onto the Property for eighteen (18) months following termination to restore the Property and for other activities as set forth in the Lease.

**WIND FARM PARTICIPATION AND SUPPORT AGREEMENT
AND EASEMENT**

This Wind Farm Participation and Support Agreement and Easement (this “**Agreement**”), is dated and effective as of May 5, 2018 (“**Effective Date**”), by and between **Sandra J. Brown** (“**Owner**”) and **Downeast Wind, LLC**, a Delaware limited liability company (“**Grantee**”).

RECITALS:

A. Owner is the owner of that certain tract of real property located in Washington County, Maine, more particularly described on Exhibit A attached hereto and made a part hereof (the “**Property**”);

B. Grantee has acquired, or will acquire from time to time after the date of this Agreement, certain easements and other related rights covering real property located adjacent to and/or in the vicinity of the Property (collectively, the “**Wind Farm Property**”) for purposes of the construction, installation, maintenance, use and operation of wind energy conversion turbines (“**Wind Turbines**”), electrical distribution and transmission facilities and related roads and facilities (collectively, the “**Windpower Facilities**”);

C. Owner desires to participate in the wind farm project being developed by Grantee on the Wind Farm Property in Washington County, Maine (the “**Wind Farm**”) in accordance with the terms and conditions contained herein; and

D. The Wind Farm may be constructed and put into operation in one or more phases (each a “**Phase**”) that are distinguishable from the remainder of the Wind Farm, as determined by Grantee in its sole and absolute discretion.

AGREEMENT:

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Owner hereby grants, with quitclaim covenant, an easement to Grantee as follows:

1. **Sound Level Limits Waiver.**

1.1 To the extent that any applicable law, ordinance, regulation or permit establishes, or has established, maximum sound limits resulting from routine operation of Windpower Facilities, Owner hereby waives any and all such sound level limit requirements as they apply to the Property (the "**Sound Level Limit Waiver**"); provided however, Grantee shall operate the Windpower Facilities in such a manner that the sound levels resulting from routine operations of the Windpower Facilities between 7:00 p.m. and 7:00 a.m. shall not exceed 50 dBA (as measured in accordance with Maine Department of Environmental Protection (MDEP) prescribed standards) within five hundred feet (500') of any existing residence's living and sleeping quarters. For the avoidance of doubt, this Agreement does not grant to Grantee the right to construct Windpower Facilities on the Property.

1.2 If requested by Grantee, Owner shall execute and deliver to Grantee one or more separate setback waivers and/or easements evidencing the intent of this Section 1, in a form provided by Grantee, which Grantee may then record at its expense.

2. **Term of Agreement.** This Agreement shall be for an initial period ("**Development Period**") commencing on the Effective Date and continuing for a period of seven (7) years. If, at any time during the Development Period, (i) the Commercial Operations Date (as defined below) for a Phase that includes the Property occurs, or (ii) Grantee notifies Owner in writing of Grantee's decision to extend the term of this Agreement, then the Development Period shall end and the term of this Agreement shall automatically be extended for a period of thirty (30) years (such period, the "**Operation Period**"). Unless earlier terminated, Grantee shall have the sole right and option to extend the Operation Period for two additional ten (10) year terms (each an "**Extension Period**") commencing on the last day of the Operation Period or the tenth (10th) anniversary of such day, respectively, upon at least thirty (30) days' written notice to Owner. The Development Period, the Operation Period and either or both Extension Periods are collectively referred to in this Agreement as the "**Term.**" Notwithstanding the foregoing, in no event shall the Term of this Agreement be longer than the longest period permitted by law. The "**Commercial Operations Date**" means the date that Wind Turbines representing at least ninety percent (90%) of the Wind Turbines for a Phase that includes the Property commence operation by delivering commercial quantities of electricity to the electric utility grid.

3. **Termination.** Grantee shall have the right throughout the Term to terminate this Agreement as to all or any part of the Property upon thirty (30) days prior written notice to Owner.

4. **Consideration.** As consideration for the rights granted herein, Grantee shall make payments to Owner during the Period as set forth in the Fee Schedule attached hereto ("**Fee Schedule**"). The Fee Schedule shall be omitted from the recorded Agreement as provided in Section 10 below.

5. **Authority.** Owner represents and warrants that it is the sole owner of the Property and has the unrestricted right and authority to execute this Agreement and to grant to Grantee the rights and easements granted hereunder. Each person signing this Agreement on behalf of Owner is authorized to do so, and all persons having any ownership or possessory interest in the Property have signed this Agreement as Owner. There are no liens, encumbrances, leases, mortgages, deeds of trust, mineral or oil and gas rights, options, rights of refusal, preferential rights to purchase or lease, or other interests in (or exceptions to) Owner's fee title ownership of the Property which are not recorded in the public records of the county in which the Property is located.

6. **Assignment.** Grantee shall have the right at any time, without need for Owner's consent, to assign or convey all or any portion of this Agreement to an assignee or assignees, on an exclusive or

nonexclusive basis, or to mortgage or collaterally assign all or any part of its interest in this Agreement and its rights under this Agreement to any entity (a “**Lender**”) without the consent of Owner. Any Lender will have no obligations under this Agreement until such time as it exercises its rights to acquire Grantee’s interest subject to the lien of Lender’s mortgage by foreclosure or otherwise or assumes the obligations of Grantee under this Agreement. So long as any mortgage with a Lender remains in effect, this Agreement shall not be modified, and Owner shall not accept a surrender of the Property or a termination or release of this Agreement, without the prior consent of all Lenders. Owner, upon providing Grantee any notice of default under this Agreement, shall at the same time provide a copy of such notice to each Lender. Owner shall accept any performance by or at the instigation of any such Lender as if the same had been done by Grantee (but no Lender shall have any obligation to remedy or cause the remedy of any default).

7. **Reasonable Assistance.** Owner agrees to use all reasonable efforts to assist Grantee in complying with any applicable laws, codes and statutes concerning the placement of Windpower Facilities on the Wind Farm Property. Owner agrees to promptly evidence its consent, in writing or as otherwise required, allowing Grantee to place Windpower Facilities on the Wind Farm Property, as may be required or requested by any agency or entity asserting jurisdiction, authority or an interest in any issues concerning or in any way affecting placement of Windpower Facilities on the Wind Farm Property. Owner consents to allowing Grantee to act on Owner’s behalf to evidence Owner’s consent as set forth in this Agreement. Owner agrees to and shall execute such estoppel certificates (certifying as to such matters as Grantee may reasonably request) and/or consents to assignment and/or non-disturbance agreements as Grantee or any Lender may reasonably request from time to time. Owner waives any and all claims against Grantee related to or arising out of the Wind Farm. Owner agrees to support and not object to the Wind Farm and to use reasonable efforts to assist Grantee’s reasonable requests. In the event Owner has concerns or issues with regard to the construction, installation, maintenance, use or operation of Windpower Facilities, Owner agrees to have informal discussions with Grantee, including in-person meetings, for a period of thirty (30) days before pursuing other means to resolve the issues or concerns.

8. **Events of Default.** Each of the following shall constitute an event of default, which shall permit the non-defaulting party, at its discretion, to terminate this Agreement and/or pursue such other remedies as are available to it at law or in equity:

- (a) any failure by Grantee to pay any amount owed pursuant to Section 4 above if the failure to pay continues for thirty (30) days after Grantee’s receipt of written notice from Owner; and
- (b) any other material breach of this Agreement by either party which continues for thirty (30) days after written notice of default from the non-defaulting party or, if the cure will take longer than thirty (30) days, the length of time necessary to effect such cure so long as the defaulting party commences to cure within the thirty (30) day period and continuously and diligently pursues the cure to completion.

9. **Notice.** All notices, requests, demands, waivers, approvals, consents and other communications required or permitted by this Agreement (“**Notices**”) shall be given in writing by personal delivery (confirmed by courier delivery service), or facsimile, receipt confirmed, or first class U.S. mail, postage prepaid, return receipt requested, certified, addressed as follows:

If to Owner:

Phone: (434) 220-7595 Fax: (434) 220-3712

Grantee shall not be required to make any payment to Owner under this Agreement until such time as Owner has returned to Grantee a completed and executed Internal Revenue Service Form W-9 and a payment instruction form signed by each person or entity holding record title to the Property. Any party may change its address for purposes of this paragraph by giving Notice of such change to the other parties in the manner provided in this paragraph. Any Notice provided for herein shall become effective only upon actual receipt by the party to whom it is given, unless such Notice is only mailed by certified mail, return receipt requested, in which case it shall be deemed to be received five (5) business days after the date it is mailed.

10. **Recording.** Owner and Grantee agree that this Agreement (without the Fee Schedule) shall be recorded in the real property records of the county in which the Property is located.

11. **Confidentiality.** Owner shall maintain in confidence all information pertaining to the financial terms of or payments under this Agreement, whether disclosed by Grantee or discovered by Owner, unless such information is in the public domain by reason of prior publication through no act or omission of Owner or its employees or agents. Owner shall not publish or otherwise disclose such information to others except to accountants, lawyers, or other professionals who receive such information under an obligation of confidentiality; buyers of the Property; lenders that have a security interest in the Property; or family members who agree to keep such information confidential. The provisions of this Section 11 shall survive the termination or expiration of this Agreement.

12. **Legal Fees.** In the event of any controversy, claim or dispute arising out of or relating to this Agreement or the enforcement or breach hereof, the prevailing party shall be entitled to recover from the losing party the prevailing party's reasonable costs, expenses and attorneys' fees (including but not limited to those incurred at trial, on appeal and on petition for review).

13. **Binding Effect; Governing Law.** All the terms, conditions, covenants and other provisions contained in this Agreement, including benefits and burdens, shall be binding upon and shall run with the land and shall inure to the benefit of and be enforceable by Owner and Grantee, and their respective heirs, personal representatives, successors and assigns. The burden of the easements, rights and covenants

hereby granted (including the right to receive payments as set forth in the Fee Schedule) run with the Property and shall pass automatically to successor owners of the Property or any part thereof. The benefit of the easements and rights and covenants hereby granted and agreed to are appurtenant to and shall benefit the interests of Grantee in the Wind Farm Property, provided that notwithstanding the foregoing, the benefit hereunder shall further be held in gross by Grantee. The benefit of this easement and the rights and covenants hereby granted may further from time to time, at the option of Grantee be further transferred in whole or in part, and may be sold, leased, assigned, pledged, and mortgaged by Grantee in gross or appurtenant to real estate interests. The provisions hereof shall be governed by and construed in accordance with the laws of the State of Maine, excluding the choice of law provisions thereof. This Easement shall extend to, be binding upon and shall inure to the benefit of heirs, personal representatives, successors and assigns of the parties hereto.

[signature pages follow]

IN WITNESS WHEREOF, and intending to be legally bound hereby, the parties have signed this Agreement on the date set forth below the respective signatures of Owner and Grantee, effective as of the Effective Date.

MEMORANDUM OF LEASE

THIS MEMORANDUM OF LEASE ("Memorandum") is made and entered into as of the 6 day of May, 2014, by and between Robert M. Widdows, a single person ("Landlord") and Downeast Wind, LLC, a Delaware limited liability company ("Tenant").

1. Lease. For the term and upon the provisions set forth in that Wind Energy Lease of even date herewith (the "Effective Date") between Landlord and Tenant (the "Lease"), all of which provisions are specifically made a part hereof as though fully and completely set forth herein, Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord for wind energy purposes, that certain real property (the "Property") located in Washington County, Maine, as more particularly described in Exhibit "A" attached hereto, together with all rights of ingress and egress and all other rights appurtenant to the Property, as more particularly described in the Lease. Pursuant to the Lease, Tenant has the sole and exclusive rights to use the Property for wind energy purposes.

2. Term. The term of the Lease shall expire seven (7) years after the Effective Date, if not extended or sooner terminated as provided in this Lease. Tenant may at its sole discretion extend the term of this Lease for an additional thirty (30) year term, with the further option to extend the term for two (2) additional ten (10) year terms.

3. Notice. This Memorandum is prepared for the purpose of giving notice of the Lease and in no way modifies the express provisions of the Lease. In the event of any conflict between the terms and provisions of the Lease and this Memorandum, the Lease shall control. This Memorandum shall continue to constitute notice of the Lease and all amendments thereto, even if the Lease is subsequently amended.

4. Successors and Assigns. The covenants, conditions and restrictions contained in the Lease shall run with the land and be binding on the successors and assigns of both Landlord and Tenant. Tenant and any transferee shall have the right throughout the Term to transfer, convey, sublease or assign this Lease or any interest in this Lease, the Property or the wind facilities to any person or entity without the consent of Landlord.

5. Ownership of Wind Facilities. Tenant shall at all times retain title to the Wind Facilities and shall have the right to remove them from the Property at any time. Landlord shall have no ownership, lien, security or other interest in any Wind Facilities installed on the Property and Landlord expressly waives, relinquishes and quitclaims any lien or security interest in and to the Wind Facilities or any other real or personal property of Tenant, whether arising at law or in equity, including any rights Landlord may have under 10 M.R.S.A. Section 3451.

6. No Severance of Wind Energy Rights. Landlord shall not assign or otherwise transfer an interest in the wind energy rights to the Property, or a portion thereof, separate from fee title to such real property, without Tenant's consent which Tenant may withhold in its sole discretion.

7. Right of Reentry. Upon expiration or termination of the Term, Tenant shall have a license to enter onto the Property for eighteen (18) months following termination to restore the Property and for other activities as set forth in the Lease.

The remainder of this page is intentionally blank.

IN WITNESS WHEREOF, and intending to be legally bound hereby, Tenant and Landlord have caused this Memorandum to be duly executed and delivered by their authorized representatives to be effective as of the date first written above.

**WIND FARM PARTICIPATION AND SUPPORT AGREEMENT
AND EASEMENT**

This Wind Farm Participation and Support Agreement and Easement (this “**Agreement**”), is dated and effective as of February 20, 2018 (“**Effective Date**”), by and between **Gary E. Strout, Frank L. Thompson and Stephen E. Oliver** (collectively, “**Owner**”) and **Downeast Wind, LLC**, a Delaware limited liability company (“**Grantee**”).

RECITALS:

A. Owner is the owner of that certain tract of real property located in Washington County, Maine, more particularly described on Exhibit A attached hereto and made a part hereof (the “**Property**”);

B. Grantee has acquired, or will acquire from time to time after the date of this Agreement, certain easements and other related rights covering real property located adjacent to and/or in the vicinity of the Property (collectively, the “**Wind Farm Property**”) for purposes of the construction, installation, maintenance, use and operation of wind energy conversion turbines (“**Wind Turbines**”), electrical distribution and transmission facilities and related roads and facilities (collectively, the “**Windpower Facilities**”);

C. Owner desires to participate in the wind farm project being developed by Grantee on the Wind Farm Property in Washington County, Maine (the “**Wind Farm**”) in accordance with the terms and conditions contained herein; and

D. The Wind Farm may be constructed and put into operation in one or more phases (each a “**Phase**”) that are distinguishable from the remainder of the Wind Farm, as determined by Grantee in its sole and absolute discretion.

AGREEMENT:

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Owner hereby grants, with quitclaim covenant, an easement to Grantee as follows:

1. **Sound Level Limits Waiver.**

1.1 To the extent that any applicable law, ordinance, regulation or permit establishes, or has established, maximum sound limits resulting from routine operation of Windpower Facilities, Owner hereby waives any and all such sound level limit requirements as they apply to the Property (the "**Sound Level Limit Waiver**"); provided however, Grantee shall operate the Windpower Facilities in such a manner that the sound levels resulting from routine operations of the Windpower Facilities between 7:00 p.m. and 7:00 a.m. shall not exceed 50 dBA (as measured in accordance with Maine Department of Environmental Protection (MDEP) prescribed standards) within five hundred feet (500') of any existing residence's living and sleeping quarters. For the avoidance of doubt, this Agreement does not grant to Grantee the right to construct Windpower Facilities on the Property.

1.2 If requested by Grantee, Owner shall execute and deliver to Grantee one or more separate setback waivers and/or easements evidencing the intent of this **Section 1**, in a form provided by Grantee, which Grantee may then record at its expense.

2. **Term of Agreement.** This Agreement shall be for an initial period ("**Development Period**") commencing on the Effective Date and continuing for a period of seven (7) years. If, at any time during the Development Period, (i) the Commercial Operations Date (as defined below) for a Phase that includes the Property occurs, or (ii) Grantee notifies Owner in writing of Grantee's decision to extend the term of this Agreement, then the Development Period shall end and the term of this Agreement shall automatically be extended for a period of thirty (30) years (such period, the "**Operation Period**"). Unless earlier terminated, Grantee shall have the sole right and option to extend the Operation Period for two additional ten (10) year terms (each an "**Extension Period**") commencing on the last day of the Operation Period or the tenth (10th) anniversary of such day, respectively, upon at least thirty (30) days' written notice to Owner. The Development Period, the Operation Period and either or both Extension Periods are collectively referred to in this Agreement as the "**Term.**" Notwithstanding the foregoing, in no event shall the Term of this Agreement be longer than the longest period permitted by law. The "**Commercial Operations Date**" means the date that Wind Turbines representing at least ninety percent (90%) of the Wind Turbines for a Phase that includes the Property commence operation by delivering commercial quantities of electricity to the electric utility grid.

3. **Termination.** Grantee shall have the right throughout the Term to terminate this Agreement as to all or any part of the Property upon thirty (30) days prior written notice to Owner.

4. **Consideration.** As consideration for the rights granted herein, Grantee shall make payments to Owner during the Period as set forth in the Fee Schedule attached hereto ("**Fee Schedule**"). The Fee Schedule shall be omitted from the recorded Agreement as provided in **Section 10** below.

5. **Authority.** Owner represents and warrants that it is the sole owner of the Property and has the unrestricted right and authority to execute this Agreement and to grant to Grantee the rights and easements granted hereunder. Each person signing this Agreement on behalf of Owner is authorized to do so, and all persons having any ownership or possessory interest in the Property have signed this Agreement as Owner. There are no liens, encumbrances, leases, mortgages, deeds of trust, mineral or oil and gas rights, options, rights of refusal, preferential rights to purchase or lease, or other interests in (or exceptions to) Owner's fee title ownership of the Property which are not recorded in the public records of the county in which the Property is located.

6. **Assignment.** Grantee shall have the right at any time, without need for Owner's consent, to assign or convey all or any portion of this Agreement to an assignee or assignees, on an exclusive or nonexclusive basis, or to mortgage or collaterally assign all or any part of its interest in this Agreement and its rights under this Agreement to any entity (a "Lender") without the consent of Owner. Any Lender will have no obligations under this Agreement until such time as it exercises its rights to acquire Grantee's interest subject to the lien of Lender's mortgage by foreclosure or otherwise or assumes the obligations of Grantee under this Agreement. So long as any mortgage with a Lender remains in effect, this Agreement shall not be modified, and Owner shall not accept a surrender of the Property or a termination or release of this Agreement, without the prior consent of all Lenders. Owner, upon providing Grantee any notice of default under this Agreement, shall at the same time provide a copy of such notice to each Lender. Owner shall accept any performance by or at the instigation of any such Lender as if the same had been done by Grantee (but no Lender shall have any obligation to remedy or cause the remedy of any default).

7. **Reasonable Assistance.** Owner agrees to use all reasonable efforts to assist Grantee in complying with any applicable laws, codes and statutes concerning the placement of Windpower Facilities on the Wind Farm Property. Owner agrees to promptly evidence its consent, in writing or as otherwise required, allowing Grantee to place Windpower Facilities on the Wind Farm Property, as may be required or requested by any agency or entity asserting jurisdiction, authority or an interest in any issues concerning or in any way affecting placement of Windpower Facilities on the Wind Farm Property. Owner consents to allowing Grantee to act on Owner's behalf to evidence Owner's consent as set forth in this Agreement. Owner agrees to and shall execute such estoppel certificates (certifying as to such matters as Grantee may reasonably request) and/or consents to assignment and/or non-disturbance agreements as Grantee or any Lender may reasonably request from time to time. Owner waives any and all claims against Grantee related to or arising out of the Wind Farm. Owner agrees to support and not object to the Wind Farm and to use reasonable efforts to assist Grantee's reasonable requests. In the event Owner has concerns or issues with regard to the construction, installation, maintenance, use or operation of Windpower Facilities, Owner agrees to have informal discussions with Grantee, including in-person meetings, for a period of thirty (30) days before pursuing other means to resolve the issues or concerns.

8. **Events of Default.** Each of the following shall constitute an event of default, which shall permit the non-defaulting party, at its discretion, to terminate this Agreement and/or pursue such other remedies as are available to it at law or in equity:

- (a) any failure by Grantee to pay any amount owed pursuant to Section 4 above if the failure to pay continues for thirty (30) days after Grantee's receipt of written notice from Owner; and
- (b) any other material breach of this Agreement by either party which continues for thirty (30) days after written notice of default from the non-defaulting party or, if the cure will take longer than thirty (30) days, the length of time necessary to effect such cure so long as the defaulting party commences to cure within the thirty (30) day period and continuously and diligently pursues the cure to completion.

9. **Notice.** All notices, requests, demands, waivers, approvals, consents and other communications required or permitted by this Agreement ("Notices") shall be given in writing by personal delivery (confirmed by courier delivery service), or facsimile, receipt confirmed, or first class U.S. mail, postage prepaid, return receipt requested, certified, addressed as follows:

Grantee shall not be required to make any payment to Owner under this Agreement until such time as Owner has returned to Grantee a completed and executed Internal Revenue Service Form W-9 and a payment instruction form signed by each person or entity holding record title to the Property. Any party may change its address for purposes of this paragraph by giving Notice of such change to the other parties in the manner provided in this paragraph. Any Notice provided for herein shall become effective only upon actual receipt by the party to whom it is given, unless such Notice is only mailed by certified mail, return receipt requested, in which case it shall be deemed to be received five (5) business days after the date it is mailed.

10. **Recording.** Owner and Grantee agree that this Agreement (without the Fee Schedule) shall be recorded in the real property records of the county in which the Property is located.

11. **Confidentiality.** Owner shall maintain in confidence all information pertaining to the financial terms of or payments under this Agreement, whether disclosed by Grantee or discovered by Owner, unless such information is in the public domain by reason of prior publication through no act or omission of Owner or its employees or agents. Owner shall not publish or otherwise disclose such information to others except to accountants, lawyers, or other professionals who receive such information under an obligation of confidentiality; buyers of the Property; lenders that have a security interest in the Property; or family members who agree to keep such information confidential. The provisions of this **Section 11** shall survive the termination or expiration of this Agreement.

12. **Legal Fees.** In the event of any controversy, claim or dispute arising out of or relating to this Agreement or the enforcement or breach hereof, the prevailing party shall be entitled to recover from the losing party the prevailing party's reasonable costs, expenses and attorneys' fees (including but not limited to those incurred at trial, on appeal and on petition for review).

13. **Binding Effect; Governing Law.** All the terms, conditions, covenants and other provisions contained in this Agreement, including benefits and burdens, shall be binding upon and shall run with the land and shall inure to the benefit of and be enforceable by Owner and Grantee, and their respective heirs, personal representatives, successors and assigns. The burden of the easements, rights and covenants

hereby granted (including the right to receive payments as set forth in the Fee Schedule) run with the Property and shall pass automatically to successor owners of the Property or any part thereof. The benefit of the easements and rights and covenants hereby granted and agreed to are appurtenant to and shall benefit the interests of Grantee in the Wind Farm Property, provided that notwithstanding the foregoing, the benefit hereunder shall further be held in gross by Grantee. The benefit of this easement and the rights and covenants hereby granted may further from time to time, at the option of Grantee be further transferred in whole or in part, and may be sold, leased, assigned, pledged, and mortgaged by Grantee in gross or appurtenant to real estate interests. The provisions hereof shall be governed by and construed in accordance with the laws of the State of Maine, excluding the choice of law provisions thereof. This Easement shall extend to, be binding upon and shall inure to the benefit of heirs, personal representatives, successors and assigns of the parties hereto.

[signature pages follow]

IN WITNESS WHEREOF, and intending to be legally bound hereby, the parties have signed this Agreement on the date set forth below the respective signatures of Owner and Grantee, effective as of the Effective Date.

GRANT OF EASEMENT AND EASEMENT AGREEMENT FOR UNDERGROUND FACILITIES

THIS GRANT OF EASEMENT AND EASEMENT AGREEMENT FOR UNDERGROUND FACILITIES (this "Agreement") is made as of the last date executed by a party hereto (the "Effective Date") between **Lakeview Farm, LLC**, a Maine limited liability company ("Owner"), and **DOWNEAST WIND, LLC**, a Delaware limited liability company ("Grantee"). Owner is the sole owner of certain property located in Washington County, State of Maine, as more particularly described in Exhibit A attached hereto and made part hereof (the "Property").

1. Grant of Underground Easement. For good and valuable consideration, the receipt and legal sufficiency of which is hereby acknowledged by Owner, and subject to the terms and conditions stated in this Agreement, Owner hereby grants, conveys and warrants to Grantee and its successors and assigns, a non-exclusive easement ("Underground Easement") along, under and across a portion of the Property hereafter defined as the "Easement Area," for the right to construct, reconstruct, replace, remove, maintain, operate and use underground wires and cables for the transmission of electrical energy and/or for internal communication purposes only, and all necessary and proper appliances, fixtures and facilities for use in connection with said underground wires and cables along, under and across the Easement Area; together with a right-of-way on, along and in all of the lands located in the Easement Area. Said wires, cables, appliances, fixtures and facilities are herein collectively called the "Underground Facilities". The rights granted hereunder do not include the right to construct, place or maintain any structure or fixture in the Easement Area located on or above the ground.

The Easement Area shall be those portions of the Property located within seventy-five feet (75') of either side of the centerline of the public roadway currently identified as Schoodic Road ("Schoodic Road") as approximately depicted in Exhibit B attached hereto. The Underground Facilities shall to the extent practical be located within and beneath the existing public roadway.

Grantee shall use the Underground Easement solely as part of Grantee's project of wind energy generating facilities, electrical energy transmission facilities, supporting structures and facilities, and the easements and real property rights related thereto, that is being developed by Grantee upon real property within the vicinity of the Property, (the "Wind Project"). The Underground Facilities and Easement Area shall not be used for telecommunication purposes. The Easement Area shall not be used for the storage of any equipment, or for the staging of any

construction equipment except when that equipment is actively being used for the installation, repair, maintenance, replacement or removal of the Underground Facilities.

2. Construction Activities. During any construction of Underground Facilities, Grantee may use an additional portion of the Property that is fifty (50) feet wide, in total, located on either or both sides of the Easement Area (the "Temporary Construction Area"). Grantee will use commercially reasonable efforts to minimize surface disturbance within the Temporary Construction Area during construction and will return any disturbed area of the Temporary Construction Area to its pre-disturbance condition. Grantee shall notify Owner fourteen (14) days in advance of the commencement and notify Owner upon completion of any construction. The Temporary Construction Area shall not be used for the storage of any equipment, or for the staging of any construction equipment except when that equipment is actively being used for the installation, repair, maintenance, replacement or removal of the Underground Facilities.

3. Irrigation Lines. Grantee acknowledges that Owner has irrigation water lines and equipment located on the Property, and within the Easement Area and/or Temporary Construction Area. To the extent it is necessary in order to install the Underground Facilities to relocate any existing lines or equipment, on a permanent or temporary basis, prior to disturbing the line or equipment, Grantee shall so notify the Owner and pay Owner for all costs and expenses Owner incurs associated with the relocation and replacement of the line or equipment. If Grantee shall damage any of said irrigation lines and equipment, Grantee shall pay Owner for all cost and expenses for all necessary repairs. Grantee shall pay Owner for said cost and expense within thirty (30) days of presentment.

4. Permits. Grantee is responsible for securing any and all permits, dig safe authorizations, licenses, and/or approvals for the installation, placement, repair, maintenance, replacement or removal of the Underground Facilities. In connection with the forgoing, Grantee agrees to indemnify, save, defend and hold harmless the Owner against, of and from all costs, liabilities, suits, penalties, claims and demands, including reasonable counsel fees, resulting therefrom.

5. Mechanic's Liens. Grantee shall keep the Property including Easement Area and/or Temporary Construction Area, at all times free and clear of all liens (including attachments) in any way arising under or related to labor or materials furnished to Grantee, or claimed to have been furnished to Grantee, in connection with work of any character performed or claimed to have been performed at the direction of the Grantee, and shall cause any such lien to be released of record without cost to the Owner within thirty (30) days Grantee receives notice of filing of same. In connection with the forgoing, Grantee agrees to indemnify, save, defend and hold harmless the Owner against, of and from all costs, liabilities, suits, penalties, claims and demands, including reasonable counsel fees, resulting therefrom.

6. Insurance for Grantee's Work. During the performance of any work related to or in connection with the installation, repair, maintenance, replacement or removal of the Underground Facilities, or other work done on or to the Property, Temporary Construction Area or Easement Area, Grantee shall have and maintain in force public and property insurance, builder's risk insurance covering the Owner, environmental insurance and worker's compensation

insurance affording applicable statutory coverage and containing statutory limits, all in compliance with the provision of Section 13.

7. Maintenance and Security.

a. **Maintenance.** The Underground Facilities shall be maintained by Grantee at its own expense. Grantee shall maintain Underground Facilities a safe condition and in good and serviceable repair. No blasting shall occur in the Easement Area or Construction Easement Area without the Owner's prior written consent.

b. **Snow Removal.** Owner does not provide snow removal service on the Easement Area. Snow removal on the Easement Area, if needed, shall be the responsibility of Grantee. Any snow removal activities will minimize any damage to the existing ground surface of the site. Grantee will promptly repair any damage caused by its snow removal activities.

c. **Security.** Security for the Underground Facilities shall be the responsibility of Tenant. Nothing in this Agreement shall be construed to impose security obligations upon Owner. Owner shall not be liable for any loss or damages suffered by Grantee due to Grantee's use and occupancy of and activities in the Easement Area.

d. Safety. During construction of the Underground Facilities, or any parts thereof, or repair or maintenance or removal, Grantee shall install such commercially reasonable safety devices as may be necessary to ensure the safety of Owner's personnel or persons on the Property, Temporary Construction Area and/or Easement Area, and adjacent property owners and their property and the general public.

8. Access. Grantee may improve Schoodic Road to the extent permitted by separate agreement between Grantee and the County of Washington, Maine. In order to access the Easement Area, Grantee shall have the right to use any fences and gates on the Property and to trim, cut, and remove trees and underbrush anywhere on the Property if any limbs, branches, or other parts are within the Easement Area, and shall dispose of all resulting debris offsite. In no event on the Property or within the Easement Area shall Grantee cause or allow any chemicals to be used a means to control or remove vegetation, or for any other purpose.

9. Damage to crops. Grantee acknowledges that Owner uses the Property to cultivate wild blueberries. To the extent any of Grantee's activities on the Property cause a loss of Owner's crops, permanent or temporary, located outside of the Easement Area, Grantee agrees to reimburse Owner for said loss within 30 days of Owner presenting in writing said itemization to Grantee. This provision is a material term of this Agreement.

10. No objection to Wind Project. Owner agrees to not object to the Wind Project.

11. Term. The term of this Agreement shall commence on the Effective Date and continue for a period expiring fifty (50) years after the day when the Wind Project first delivers energy either to the electric transmission grid or for sale to a third party ("Commercial Operations Date"). The period from the Effective Date until the Commercial Operations Date shall be the

“Development Period”. The period up to fifty (50) years following the Commercial Operations Date shall be the “Operations Period”. However, if the Commercial Operations Date has not occurred by April 15, 2025, then this Agreement shall automatically terminate on said date. Upon written notice to the Owner, Grantee may elect to terminate this Agreement, in whole or in part, to be effective 180 days from the date of the written notice. If Grantee fully decommissions its Wind Project, then Grantee shall terminate this Agreement. Upon the expiration or earlier termination of this Agreement, Grantee shall file a notice of termination in the real property records of the county in which the Property is located, and a notice of termination in the real property records of the county in which the Property is located, remove the Underground Facilities and any other improvements from the Easement Area, and restore the surface of the Easement Area, as nearly as is commercially practicable, to the same condition it was in prior to the commencement of removal.

12. Assignment. Excluding assignments that occur pursuant to Section 18 below, Tenant shall not assign or transfer this Agreement, or any interest herein, without the prior written consent of Landlord which shall not be unreasonably withheld, delayed or conditioned, and consent to an assignment shall not be deemed to be a consent to any subsequent assignment. Notwithstanding the foregoing, Grantee is expressly permitted to assign its rights and responsibilities under this Agreement, without obtaining Owner’s consent, and in its sole discretion, to any entity (a) owned or controlled by Grantee or under common ownership or control with Grantee, or (b) to which Grantee conveys all of its right title and interest in the Wind Farm. Notwithstanding the foregoing, Grantee is also expressly permitted to assign its rights and responsibilities under this Agreement, without obtaining Owner’s consent and in its sole discretion, to any person or entity, provided that Grantee remains responsible for the obligations hereunder. This Agreement shall run with the land. This Agreement shall inure to the benefit of, and be binding upon, Owner and Grantee and their respective transferees, legal representatives, heirs, successors and assigns and all persons claiming under them.

13. Insurance. At all times while Underground Facilities are under construction or in operation on the Property, and until completion of removal of the Underground Facilities, Grantee shall maintain in full force a commercial general liability insurance policy covering Grantee’s operations, activities, and liabilities on the Property inclusive of the Easement Area and Temporary Easement Area, having singly or in combination limits not less than Five Million Dollars (\$5,000,000) in the aggregate. Such policy shall name Owner as an additional insured under such policy as the Owner’s interests may appear. Upon Owner’s request, Grantee shall give Owner a certificate of insurance evidencing that the insurance required under the Agreement is in force.

14. Payment. In consideration of the rights granted hereunder, Grantee shall make the payments to Owner as set forth in the Fee Schedule attached hereto as Exhibit C (the “Fee Schedule”). The Fee Schedule shall be omitted from the recorded version of the Agreement as provided in Section 26 below.

15. Costs. All costs and expenses incident to the erection, construction, reconstruction, replacement, removal, maintenance, operation and use of the Underground Facilities including the trimming of any trees and underbrush shall be borne by Grantee.

16. Owner's Right to Use the Easement Area. Owner retains the right to use the Easement Area, for all purposes not inconsistent with the rights granted to Grantee by this Agreement, including but not limited to the right to grant rights to others on a non-exclusive basis to use the Easement Area.. Notwithstanding the foregoing, Owner shall not conduct any activity, nor grant any rights to any third party, whether on the Property or elsewhere, that would materially interfere with Grantee's rights granted under this Agreement and Owner shall exercise reasonable care not to disturb, uncover or damage any Underground Facilities. Upon installation of the Underground Facilities, and to the extent not located under the public way, Grantee shall mark the location of the Underground Facilities with above ground markers consistent with best industry practices, and include at a minimum Grantee's name, emergency contact, and the one call number. Grantee shall maintain said markers in good condition for the term of this Agreement.

17. Indemnity. Grantee shall, at all times, save and hold harmless and indemnify Owner, its officers, members, partners, agents, contractors and employees from and against all losses, damages, expenses, claims, demands, suits and actions, including, but not limited to, all claims for personal injuries and property damage within and outside the Easement Area, to the extent caused by Grantee, its officers, partners, agents, contractors and employees, and from and against all losses, damages, expenses, claims, demands, suits and actions, including, but not limited to, all claims for personal injuries and property damage within the Easement Area and/or Temporary Construction Area except to the extent caused by the negligence or willful misconduct of Owner, its officers, partners, members, agents, contractors and employees.

18. Financing.

(a) Grantee may collaterally assign, mortgage or otherwise encumber its interest in this Agreement to any institution (including any trustee or agent on behalf of such institution) providing debt or other financing to Grantee or its successors or assigns (each, a "Financing Party") under any mortgage, deed of trust, deed to secure debt or other security instrument by which Grantee's interest under this Agreement is mortgaged, conveyed, assigned or otherwise transferred to secure a debt or other obligation to a Financing Party (each, a "Mortgage"). Each Financing Party who provides notice to Owner of its Mortgage shall be referred to as "Mortgagee".

(b) So long as any Mortgage remains in effect, this Agreement shall not be modified, and Owner shall not accept a surrender of the Easement Area or accept a termination or release of this Agreement, without the prior consent of all Mortgagees.

(c) Owner, upon providing Grantee any notice of default under, or termination of, this Agreement, shall at the same time provide a copy of such notice to each Mortgagee. Such Mortgagee shall have the same period, after the giving of such notice, for remedying any default or causing the same to be remedied (but shall have no obligation to remedy or cause the remedy of any default), as is given Grantee after the giving of such notice to Grantee to remedy the default specified in any such notice. Owner shall accept such performance by or at the instigation of such Mortgagee as if the same had been done by Grantee.

(d) Owner shall execute such estoppel certificates (certifying as to such matters as Grantee may reasonable request including, without limitation, that no default then exists under this Agreement to Owner’s knowledge, if such be the case), consents to assignment, and/or non-disturbance agreements as Grantee or any Mortgagee may reasonably request from time to time.

(e) If this Agreement is terminated as a result of any default or the bankruptcy, insolvency or appointment of a receiver in bankruptcy for Grantee, Owner shall give prompt notice to the Mortgagees. Owner shall, upon written request of the first priority Mortgagee, made within forty (40) days after notice to such Mortgagee, enter into a new easement agreement with such Mortgagee, or its designee within twenty (20) days after the receipt of such request. Such new easement agreement shall be effective as of the date of the termination of this Agreement and upon the same terms, covenants, conditions and agreements set forth in this Agreement to be performed by Grantee to the extent that Grantee failed to perform the same prior to the execution and delivery of the new easement agreement.

19. Notices. All notices, requests and communications (“Notice”) under this Agreement shall be given in writing, by first class certified mail, postage prepaid, return receipt requested, to the individuals and addresses indicated below.

<p>(a) If to Owner: Lakeview Farm LLC c/o Katie J. Gillen 248 Main Road South, Hamden, ME 04444</p>	<p>(b) If to Grantee: Downeast Wind, LLC c/o Apex Clean Energy, Inc. 310 4th Street NE, Suite 300 Charlottesville, VA 22902 Attn: Land Department</p>	<p>(c) If to Mortgagee: on notice of default or termination: (Address indicated in Mortgagee’s notice sent to Owner under <u>Section 18</u> hereof.</p>
---	---	---

Any Notice provided for herein shall be deemed to be received five (5) business days after the date on which it is mailed. Any party may, by proper written notice hereunder to the other party, change the party’s address to which such Notice shall thereafter be sent.

20. Omitted

21. Default and Termination for Default. Owner or Grantee shall be in default of this Agreement if either party breaches any material provision hereof and said breach is not cured by the breaching party within sixty (60) days of receipt of notice of said breach from the non-breaching party, or if such cure cannot reasonably be had within said sixty (60) day period, then if cure of such breach is not commenced within thirty (30) days of receipt of such notice and not thereafter completed using diligent efforts. Upon the breaching party's failure to cure its breach within such time, as applicable, the non-breaching party shall have the right immediately to terminate this Agreement for default, and to pursue such remedies as may be available in law or equity. The non-breaching party shall give notice of termination to the breaching party.

22. Dispute Resolution. Any dispute between Owner and Grantee arising under or related to this Agreement shall in the first instance be addressed by taking the following steps; 1)

by nonbinding mediation between Owner and Grantee to occur within sixty (60) days after notice of the dispute, costs to be shared equally, and the mediation will occur in Maine, then 2) by any other such remedy at law that may be available.

23. Attorneys' Fees. The substantially prevailing party in any action or proceeding for the enforcement, protection, or establishment of any right or remedy under this Agreement or for the interpretation of this Agreement, shall be entitled to recover its reasonable attorneys' fees and costs in connection with such action or proceeding from the substantially non-prevailing party.

24. Taxes. Owner shall pay when due all real property taxes and all other fees and assessments attributable to the Property including the Easement Area. However, Grantee shall pay Owner, as an additional fee, any increase in property taxes levied against the Property including the Easement Area that is attributable to Grantee's installation of the Underground Facilities in the Easement Area. Owner agrees to furnish proof of such increase to Grantee. Grantee shall pay said increase within thirty (30) days of presentment.

25. Interpretation. Each party to this Agreement and its counsel have reviewed and revised this Agreement. The normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Agreement or of any amendments or exhibits to this Agreement.

26. Miscellaneous. This Agreement shall be construed and enforced in accordance with the laws of the State of Maine, and the substantive law of the State of Maine shall govern. . This Agreement, when executed, approved and delivered, together with all exhibits attached hereto, shall constitute the entire agreement between the parties and there are no other representations or agreements, oral or written, except as expressly set forth herein. This Agreement may not be amended or modified except by a written agreement signed by the parties hereto. Each party agrees that it will without further consideration execute and deliver such other documents and take such other action as may be reasonably requested by the other party to consummate more effectively the purposes or subject matter of this agreement. In the event of any inaccuracy in the description of the Property or Easement Area in Exhibit A or Exhibit B, respectively, or in the description of the parties in whom title to the Property is vested, Owner and Grantee shall amend this Agreement to correct such inaccuracy in order to accomplish the intent of Owner and Grantee. Owner and Grantee agree that this Agreement (without the Fee Schedule) shall be recorded in the real property records of the county in which the Property is located. If any terms or provisions of this Agreement are deemed to be invalid or unenforceable, the remainder of this Agreement shall not be affected thereby. This Agreement may be executed in multiple counterparts, each of which shall be deemed to be an original agreement, and all of which shall constitute one agreement.
