Hi, my name is Zoe. I am 9 years old. I live on the Little River in Belfast, ME.

I have many concerns about Nordic Aquafarms coming to Belfast. I will list a few of my concerns.

I am concerned about the Bobolinks that live in the meadow where Nordic Aquafarms is planning to build their fish-farm.

I am concerned about how much the fish farm will pollute the Bay.

I am concerned about the forest that would be cut down and all of the animals, plants, and trees that live in forest.

I am concerned that in the process of putting the intake and discharge pipes in, NAF would stir up the mercury in the Bay.

Thank you for considering my concerns.

Sincerely,

Zoe Badgett
