I would like to register my opposition to the Nodic proposal to build a salmon farm in Belfast, As a city resident for 25 years, I feel resident desires should be taken into account.

I feel it was wrong that residents have not been able to vote on this proposal which will have such a large impact on the city of Belfast...I live here, pay taxes, my opinion should matter more.

I believe the overall net effect will be a negative one to our environment, too much electricity used, too much waste into Penobscot Bay

I ask you to vote for the health of Belfast and Maine and not let this proposal to go forward.

Polly Beck
