It's absurd how corrupt our system is. The people who are proposing Nordic Aqua Farms act like big bullies. Someone in the chamber of commerce and/or board of selectmen are being payed off to support this pile of fish shit proposed as Nordic Agua Farm. There is nothing legal about any of this! (It's like the impeachment, based on a bunch of inaccurate information and lies.) There are enough scientists, environmentalists, fishermen, and common local folk that oppose this absurd plan that it should not be allowed to be built. If Nordic Aqua Farms are are trying to illegally trying to shove there way into our town and we need help to stop them.

Because we no longer have democracy, big company's are continuing to explote the only half way decent land that is left in this country at an ever increasing rapid rate.

HELP!!

S.O.S.!!

Thanks!!

... clearly I am against this monstrous and gross proposed Nordic Aqua Farms.
