To Maine Department of Environmental Protection:

My name is Patricia Hagerty. I am a resident of Belfast, Maine. I am writing to ask you NOT to approve Nordic Aquafarms application for it's proposed indoor fish farm.

It is too big too fail.

It will contribute to Global Warmng.

It will monopolize our available natural resources and dominate our water supply.

It will threaten the eco system of Penobscot Bay.

It will increase the area's carbon footprint.

It's technology is unproven .

It will destroy a wildlife habitat.

It will offer few jobs, mostly low level positions.

It will discourage tourism.

From the beginning it has been secretive and deceptive in the process. Why should we expect it to continue any differently.

Has a projected life span of approximately only 30 years.

Thank you.

Sincerely yours,

Patricia Hagerty
