To those who are arbiting the future of the Midcoast,

I am a resident of Belfast, and I oppose the proposed Nordic aquafarms proposal. It would damage the ecological integrity of the bay, only really bring jobs that are not very relevant to current residents, and put significant strain on the city's infrastructure.

As a resident who cares deeply about the future of the county, ocean, and world, I would like the civil servants who have been given the responsibility to represent the citizens to thoroughly reject this proposal.

Thank you,
Alison Palm, Belfast
