Comments:

I live at Beech Hill Pond & I can see the 5 windmills that have been erected, and if the others will be taller, I am certain to see them! I have always lived in Maine, and these windmills are an eye sore to me. The areas that I have circled are places that my family frequents to enjoy nature. There is nothing "natural" about these windmills! Please, please, refrain from erecting any more of these 'white elephants'.
