RE: Phase I archaeological survey, proposed Three Rivers Solar project, T16 MD, (MHPC# 0465-18)

Dear Ms. Fowler:

My staff archaeologist, Dr. Arthur Spiess, has reviewed the archaeological survey report for this project by TRC Inc. (Richard Will and Karen Mack), dated September 13, 2019. The report is acceptable as written, and we agree with the conclusions in the report (no archaeological sites present).

I find that there will be no historic or archaeological properties affected by the proposed solar farm project.

Sincerely,

Kirk F. Mohney
State Historic Preservation Officer
