

Maine CDC Newborn Hearing Program  
 Division of Disease Prevention,  
 Department of Health & Human Services

**CATEGORY A - PEDIATRIC AUDIOLOGY FACILITIES - BIRTH TO 6 MONTHS OF AGE**

These facilities have indicated they provide full audiological diagnostic evaluation (this includes ABR with frequency specific results) recommended by the Maine CDC Newborn Hearing Program for **infants' birth to 6 months** who are referred from hearing screening programs.

These facilities also provide audiological testing for children over 6 months of age.
