

EVIDENCE HANDLING GUIDE

MAINE HEALTH AND ENVIRONMENTAL TESTING LABORATORY

FORENSIC CHEMISTRY SECTION

EVIDENCE UNIT HOURS OF OPERATION

Monday-Thursday 8:00am to 4:00pm

Friday 8:00am to 12:00pm

Evidence.HETLForensics@maine.gov

No submissions will be accepted outside of the above listed times without prior notice & approval

Appointments must be made with the HETL Forensic Chemistry Section prior to the submission or return of any Seized Drug or Toxicology evidence using the following link or by scanning the QR code below:

<https://outlook.office365.com/owa/calendar/ForensicTest@StateOfMaine.onmicrosoft.com/bookings/>

If evidence submission is urgent, please contact the Evidence Unit to make expedited arrangements.

All evidence will be received, managed and entered in the HETL LIMS database by HETL evidence staff.

HETL FORENSIC CHEMISTRY TESTING DISCIPLINES

Seized Drugs

- Testing Seized Drugs for the presence of controlled substances

Blood

- Testing blood samples for the detection and quantitation of ethanol
- Testing blood samples for the detection and quantitation of drugs

Urine

- Testing urine samples for the qualitative detection of drugs

Breath

- Overseeing and maintenance of all breath alcohol testing instruments located in law enforcement agencies throughout Maine

RECEIPT/CONTRACT FOR EXAMINATION

- See example for all required information
- In section titled "Analysis Requested" reference highlighted section below the description box for analysis codes:
 - Blood-Alcohol = BLA
 - Blood-Drug = TOX
 - Urine-Drug = DRG
 - Seized Drug = CONF
- For Seized Drug evidence, the description should include an approximate quantity
- Strike through any errors with a single line & initials
 - NO WHITE OUT**
 - NO SCRIBBLING**

Blue = to be filled out upon submission of evidence

Red = filled out by HETL

Maine Center for Disease Control and Prevention
An Office of the Department of Health and Human Services

RECEIPT/CONTRACT FOR EXAMINATION

Laboratory Identification No.: _____

Investigating Agency: SUBMITTING AGENCY Agency Case#: UNIQUE TO AGENCY

Investigator/Contact Name: FIRST & LAST NAME Type of Offense: OUI, Drug Trafficking, etc.

Telephone No.: AGENCY PHONE NUMBER Subject(s)/DOB(s): JOHN DOE 01/01/2030

Email: OFFICER'S OFFICAL EMAIL *Please list any cosubjects here*

Forward Report to: AGENCY ADDRESS CC to: _____

Invoice to: _____ Note: Agency requesting other agencies be billed must have written authorization from the billed agency, except for OUI blood alcohol determination and DRE testing.

Item	Description	*Analysis Requested			
		SPW	SWI	SWOI	US
1	<u>20 TIED CLEAR PLASTIC BAGS CONTAINING WHITE MATERIAL FOUND ON SUSPECT A</u>				
2	<u>8 BLUE ZIPLOCK BAGS CONTAINING BROWN POWDER FOUND ON SUSPECT B</u>				

Check Off Condition of Evidence Submitted: Sealed with Initials=SWI Sealed without Initials=SWOI Unsealed=US

* Analysis: Blood Alcohol = BLA Blood Drug = TOX Urine = DRG Solid Dose Drugs = CONF
Blood kits will be tested for blood alcohol content unless noted otherwise.
Urine kits will be tested for drugs content unless noted otherwise.

RECEIVED FROM

In Hand from: US Mail Tracking # _____

PLEASE PRINT FIRST AND LAST NAME
(PRINT SUBMITTERS NAME)

RECEIVED BY

Signature of FCS Rep _____ Date _____ Time _____

Number of sealed and labeled containers received: _____ page _____ of _____

- This Receipt/Contract for Examination is to be returned to the investigating officer or agency as a review of examination sought by the customer and tender of the HETL regarding their request.
- Laboratory generated results may be included in DEA NFLIS reports, grant reports, or other similar customer reports. Confidentiality will be maintained. Agencies may reserve the right to omit data from these reports by notifying the laboratory.
- The laboratory will determine the most appropriate method of testing for the evidence submitted
- The laboratory reserves the right to subcontract to another laboratory, if necessary.
- Any deviations from the contract will be noted in the laboratory report.

Evidence Receipt / Contract Form
Revised: 15Aug2022
FCS Document Form 130
Issued by: Forensic Lab Director

Please submit all three copies of this form along with the evidence to the HETL.

SOLID DOSE DRUG EVIDENCE (SDD)

ACCEPTABLE EVIDENCE PACKAGING

- Outer packaging containers
 - Evidence envelopes
 - Heat/adhesive sealed plastic bags
 - Plastic containers
- Tape/adhesive/heat seal all containers and initial across all non-factory seals
 - Ensure no gaps in the seal exist across the entire container
 - Use indelible ink (sharpie) whenever possible
 - DO NOT use staples for seals
- Outer packaging should contain applicable agency information and brief description of contents
- Outer packaging should be large enough to leave room for analyst access and resealing

SEIZED DRUG EVIDENCE – SEPARATION & LABELING

- Do NOT place drug evidence directly into the outer container – properly seal evidence in secondary inner containers first
- Package tablets/capsules in rigid containers to ensure evidence is not broken/crushed
- Ensure that liquid evidence is packaged in spillproof containers to prevent leakage
- Package glass and other potentially sharp evidence (needles, razors, etc.) in puncture resistant containers and label the outer packaging container “SHARPS”
- Damp/wet evidence should be dried before submission; if evidence cannot be dried, package in a spillproof container
- Evidence removed from body cavities must be labeled as a Biohazard on the outer packaging container
- If a presumptive field test was performed, do NOT submit the used field test kit
- HETL does NOT accept Marijuana
- Hypodermic needles are ONLY accepted if there is no other evidence in the submission & analysis is specifically requested by the prosecutor’s office

SEIZED DRUG EVIDENCE – SEPARATION & LABELING

- Collected evidence must be separated & packaged based upon suspect or location and visual similarity before all being packaged together in an outer container
- Example:
 - Suspect A has 2 baggies of white powder and 5 envelopes of tan powder
 - Suspect B has 4 baggies of pink powder
 - 13 round blue tablets found in center console of vehicle
- Package the 2 baggies of white powder from Suspect A
- Package the 5 envelopes of tan powder from Suspect A
 - Both packages from Suspect A may then be sealed together in a container – Item 1
- Package the 4 baggies of pink powder from Suspect B – Item 2
- Package the 13 round blue tablets from the center console – Item 3

SEIZED DRUG EVIDENCE – VISUAL

Proper Packaging

- Properly sealed secondary inner container(s)
- Complete seal with initials
- Agency case & item information included

Improper Packaging

- Single bag
- Seal not initialed
- Different material loose & commingled inside container
- No agency case or item information

TOXICOLOGY EVIDENCE

TOXICOLOGY EVIDENCE – BLOOD ALCOHOL/DRUG ANALYSIS

- May be submitted via mail, drop-box, or in person
 - If submitted via mail – do NOT put case-identifying information on outside packaging (unless covered by business card)
- Must be sealed and initialed by investigating/submitting officer
- Indicate the analysis requested on the Laboratory Blood Analysis Request – Blood Alcohol (BLA) and/or Blood Drug (TOX)
- Provide case information on sample kit – agency case # and subject name
- Indicate whether the sample is related to a fatal/near fatal accident
- Hospital tubes are accepted with incident and collection information provided
- The Drug Facilitated Crime Laboratory Analysis Request must be filled out for all sexual assault related evidence

LABORATORY BLOOD ANALYSIS REQUEST

- This form is found within all HETL blood-testing kits
- Hospital tubes- this form needs to be submitted separately (available on website)
- All applicable information should be filled out

<u>FIRST NAME, LAST NAME</u>	
<u>AGENCY</u>	
<u>MAILING ADDRESS</u>	

- This form can be found in all HETL Urine Analysis Testing Kits
- When submitting a urine analysis cup (from a hospital), this form will not be provided.
- All information on this form should be filled out by the case-associated DRE or Investigating Officer.
- If suspected drug is not listed on form, please make a note of any other drugs found or admittedly used by the suspect.

TOXICOLOGY EVIDENCE – VISUAL

Proper Packaging

- Properly sealed box
- Complete seal with initials
- Agency case & item information included

Improper Packaging

- Improperly sealed box
- Seal not initialed
- No agency case or item information included

DURING/AFTER ANALYSIS

- Notify the lab ASAP if a case has been pled, dismissed, etc. – analysis will be stopped
- All toxicology samples will be destroyed six months from the analysis completion date
 - If samples need to be held longer than six months, please notify the laboratory when submitted
- All seized drug evidence must be picked up from HETL once analysis is completed
- Seized drug evidence will be stored at the laboratory for up to one year
 - If analysis is not requested after one year, it will be returned to the submitting agency

THANK YOU!
