

PFAS Do Not Eat Advisory Areas

Do not eat white-tailed deer or wild turkey harvested in portions of Albion, Freedom, Knox, Thorndike, Unity, and Unity Township. See map below.

The current advisory consists of three areas.

1. An area that includes portions of Unity and Unity township, including a section of Route 139, encompassing a zone of one mile in all directions from areas with known elevated soil PFAS concentrations.
2. An area that includes portions of Albion, Freedom, and Unity including a section of Route 202, encompassing an area of one mile in all directions from areas with known elevated soil PFAS concentrations.
3. An area that includes portions of Knox, Thorndike, and Unity including sections of Town Farm Road, Stevens Road, Bailey Road, and Mount View Road encompassing an area of one mile in all directions from areas with known elevated soil PFAS concentrations.
