

Round 7 (CAG2026-7)

Community Action Grant Awardees

63 awards to 72 communities, totaling \$4.75 million.

Community	Conditional Award	Project Title
Arrowsic	\$66,382.00	Municipal Building Energy Efficiency Improvements
Auburn and Lewiston	\$175,000.00	Multi-Hazard Climate Change Vulnerability Assessment
Bath	\$80,000.00	Establish City of Bath Stormwater Utility
Belfast	\$80,000.00	City of Belfast Resilient Breakwater Design
Bingham	\$55,750.00	Installation of Solar plus Battery Storage and Heat Pumps at the Municipally Owned Veteran's Building
Bridgton	\$75,000.00	Level II Energy Audit of Municipal Buildings and Implementation Plan
Bucksport	\$75,250.00	Social Vulnerability Assessment and Community Resilience Action Plan
Chesterville	\$75,000.00	28.16-kW Grid-Tied Rooftop Solar Photovoltaic System

Cranberry Isles	\$80,000.00	Great Cranberry Dock Resiliency Improvements
Cumberland County Soil and Water Conservation District - Gray	\$74,648.20	Town of Gray Watershed Management Plan Implementation
Dayton	\$43,000.00	Public Green Space and Stormwater Improvements
Dexter	\$75,000.00	Replace 20 windows in the Town Hall to Improve Energy Efficiency
Dixfield	\$20,734.01	Upgrade Interior and Exterior Lighting to High-Efficiency LED Fixtures
Eastbrook	\$80,000.00	Engineered Analysis of Drainage to Reduce Flooding Across Sugar Hill Road
Eastport	\$79,980.00	Equitable Climate Adaptation Planning for Critical Infrastructure
Farmington, Norridgewock and Starks	\$161,000.00	Sandy River Watershed Geomorphic Study
Franklin County - Wyman Township	\$80,000.00	Climate Resilience Assessment for Wyman Township to Evaluate Wildfire Vulnerability, Firefighting Water Supply Capacity, and Flood Risk
Franklin County on behalf of Madrid Township, Salem Township, and Freeman Township	\$156,000.00	Sandy River Watershed Geomorphic Study
Freedom	\$80,000.00	Three-Pronged Resilience Approach: Stream Smart Crossing Design, Complete Streets Policy, and Municipal Building Energy Audits
Hallowell	\$80,000.00	Hallowell City Code Updates to Meet Transportation, Energy Efficiency, and Natural Resource Resiliency Goals
Hancock	\$80,000.00	Increasing Energy Efficiency and Resilience in Hancock

Harpswell	\$72,065.00	Increasing Municipal Building Energy Efficiency Through Weatherization and Heat Pump Installation
Hollis	\$78,584.00	Town of Hollis Waste Diversion Initiative
Hope	\$80,000.00	Robbins Road Culvert Engineering & Design Project
Isle au Haut	\$19,193.00	Town Hall Energy Efficiency Improvements
Islesboro	\$75,000.00	Strategic Energy Resilience Planner to Support ETIPP Project and Energy Committee
Liberty	\$75,000.00	Restoration of Walker Building to Provide Community Services, Including an Emergency Warming/Cooling Center
Limington	\$75,000.00	Municipal Building Solar Array
Machias	\$67,697.00	23.76 kw Hybrid Photovoltaic System
Madawaska	\$75,000.00	Shared e-bike Fleet
Matinicus Isle Plantation	\$80,000.00	Matinicus Working Waterfront Resilience Project: Phase 2
Mount Vernon	\$75,000.00	Engineering and Final Designs for Three Undersized, Flood-Vulnerable Stream Crossings/Culverts
New Gloucester	\$73,000.00	Emergency Planning to Enhance Community Resilience to Climate-Related Hazards
New Portland	\$9,087.00	High-Efficiency 9,000 BTU Heat Pump System and LED Lighting Upgrades

New Sharon	\$75,000.00	28.6 kW Rooftop Solar Photovoltaic System
Newcastle	\$79,400.00	Engineering and Design for Reconstruction and Drainage Improvements at River Road, Pleasant Street, and Liberty Street
Newry	\$75,000.00	Groundwater Sustainability Assessment
North Berwick	\$59,750.00	Powering North Berwick's Future: Sustainable Solutions, and Stronger Communities.
Northport	\$51,531.00	Community Energy Efficiency Program
Orland	\$26,273.14	Orland Municipal Building Energy Efficiency Improvements
Otisfield	\$75,000.00	Solar Array Installation on Town Transfer Station and Public Works Buildings
Parsonsfield	\$44,996.02	Implement 2026 Municipal Energy Plan Through Weatherization and HVAC Improvements
Penobscot Indian Nation, HBMI, Sipayik, Mi'kmaq Nation	\$174,878.11	Intertribal Sustainable Energy Coordinator
Portland	\$60,500.00	Commercial Street Waterfront Stakeholder Resilience Collaborative
Pownal	\$48,750.00	LED Lighting and Education to Reduce Energy Use
Rockland	\$75,000.00	Owner's Representation and Professional Engineering Support for Middle Pier & Buoy Park Redevelopment Project
Rumford	\$28,400.00	Energy Planning in Rumford

Searsmont	\$79,540.00	Evaluate Searsmont's Roads and Drainage Systems
Sorrento	\$75,060.00	Town-Wide Culvert Inventory and Resilience Assessment and Waste Diversion Initiative
South Portland	\$75,000.00	Improve Long-Term Flood Resilience and Reduce Flood Insurance Premiums
Southwest Harbor	\$27,950.00	Town Office Building Audit and Transportation Feasibility Study
Standish	\$74,400.00	Town of Standish Open Space Plan
Stockton Springs	\$75,000.00	Multi-Pronged Approach to Reducing Municipal Emissions
Swan's Island	\$80,000.00	Phase II of the Carrying Place Resilience Project
Union	\$80,000.00	Engineering Design for Replacement of Miller Road Bridge
Veazie	\$71,000.00	Install Seven Heat Pumps in the Veazie Community Center
Vinalhaven	\$80,000.00	Vinalhaven Resilience Action Plan
Warren	\$80,000.00	Municipal Solar Siting Assessment with a Comprehensive Public Safety Vulnerability and Continuity Planning Effort
Waterford and Albany Township	\$175,000.00	Reduce Municipal Energy Use Through Electrifying Waste Management Operations
Windham	\$80,000.00	Windham Residential Preparedness Program

Winter Harbor	\$80,000.00	Strengthening the Resilience of Infrastructure Along Henry Cove to Climate Impacts
Yarmouth	\$40,000.00	School-Centered Resilience Roadmap
York	\$75,000.00	Energy Coaching Data Study
