

Make a KAZOO

PROVIDED: 2 craft sticks, 3 rubber bands, 2 pieces of paper

FROM HOME: Tape

How many different sounds can you make?

1. Get materials ready—you also need some tape.
2. Lay one stick on top of the other with the paper strips.
3. Fold over each piece of paper.
4. Secure paper with a little tape. Tape shouldn't touch the sticks at all.

5. Carefully slip out the bottom stick.
6. Stretch a rubber band around the length of the top stick. Place the bottom stick directly under it and secure them both with the other rubber bands.
