SUMMARY

The Travelers Insurance Group of affiliated companies (collectively Travelers) provides a wide variety of business insurance products including workers' compensation.

In April 2012, Travelers entered into an agreement with the Superintendent of the Maine Bureau of Insurance (Superintendent) and the Office of the Maine Attorney General for the purpose of bringing to a halt, without resort to an adjudicatory proceeding, violations of 39-A M.R.S.A. certified to the Superintendent by the Maine Workers' Compensation Board (Board) pursuant to Title 39-A M.R.S.A. Section 359(2). Regrettably, Travelers failed to fully meet compliance rates stipulated in the agreement and, therefore, voluntarily opted to pay a \$15,000 penalty in lieu of undergoing an expanded Look-Back review as ordered by the Superintendent in a letter dated April 1, 2015.

The Audit Division of the Board examined thirty-eight (38) claim files where indemnity benefits were paid for the period under examination (2020-2021) as well as fifty-nine (59) medical payments for the period under examination (2020-2021) to determine compliance with statutory and regulatory requirements in the following areas:

- Form filing
- Timeliness of benefit payments
- Accuracy of benefit payments

The claim sample was drawn from a listing of all of Travelers' 2020-2021 Maine workers' compensation claims. The medical payment sample was drawn from a listing of all of Travelers' 2020-2021 medical payments for those claims in the sample.

Three (3) "Complaint for Audit" forms that named Travelers as the claims administrator were filed with the Audit Division since the last audit, but all issues raised by those documents were addressed and resolved by Travelers prior to this audit engagement. Therefore, those three (3) complaints were not included in this audit.

Due to questionable claims-handling techniques identified early in the audit process, this review was expanded to include a limited-scope audit of various claims with 2017–2021 dates of injury. These sixteen (16) claims were referred to Audit by the Board's Claims Management Unit due to Travelers' persistent unresponsiveness and/or delayed reactions regarding form filing requests. Of the claim files audited, there was one (1) 2017 claim, one (1) 2018 claim, four (4) 2020 claims and ten (10) 2021 claims. The audit of those claims addressed the following issues:

- Missing form filings
- Form corrections

Travelers handles its Maine workers' compensation claims primarily in its New England claim center located in West Bridgewater, Massachusetts. Travelers also utilizes the services of Travis Gulliver as its claims agent within the State, although none of the claims under review were adjusted by Mr. Gulliver.

The audit work was conducted as a desk audit.

The compliance tables found on pages 21 through 26 of this report are representative of Board findings as of October 26, 2022. Since that time, the Audit Division has received additional information, missing form filings, form corrections, indemnity payments and adjustments. Based on this information, the Detailed Claims Information provided as an appendix of this report is representative of Board findings and updated form filings as of the issuance of this report.

Following is a discussion of the aforementioned compliance tables and of the steps taken since October 26, 2022 to rectify identified noncompliance issues. This discussion also includes other significant issues identified by the audit.
