This chapter outlines billing procedures and reimbursement levels for health care providers who treat injured employees. It also describes the dispute resolution process when there is a dispute regarding reimbursement and/or appropriateness of care. Finally, this chapter sets standards for health care reporting.

SECTION 1. GENERAL PROVISIONS**1.01 APPLICATION**

1. This chapter is promulgated pursuant to 39-A M.R.S.A. §§ 208 and 209-A. It applies to all medical, surgical and hospital services, nursing, medicines, and mechanical, surgical aids provided for treatment of a claimed work-related injury or disease on or after the effective date of this chapter, regardless of the employee's date of injury or illness. Treatment does not include expenses related to managed care services such as utilization review, case management, and bill review or to examinations performed pursuant to 39-A M.R.S.A. §§ 207 and 312.

1.02 PAYMENT CALCULATION

1. Pursuant to Title 39-A M.R.S.A. § 209-A, the Board has adopted this medical fee schedule which reflects the payment methodology developed by the federal Centers for Medicare and Medicaid Services. The Board has not adopted all components used by the federal Centers for Medicare and Medicaid Services. Therefore, the application of any fee schedule, payment system, claims processing rule, edit or other method of determining the reimbursement level for a service(s) not expressly adopted in this chapter is prohibited.
2. Payment is based on the fees in effect on the date of service.

1.05 AUTHORIZATION

1. Nothing in the Act or these rules requires the authorization of medical, surgical and hospital services, nursing, medicines, and mechanical, surgical aids provided pursuant to 39-A M.R.S.A. § 206.
2. An employer/insurer is not permitted to require pre-authorization of medical, surgical and hospital services, nursing, medicines, and mechanical, surgical aids provided pursuant to 39-A M.R.S.A. § 206 as a condition of payment.

1.06 BILLING PROCEDURES

1. Bills must specify the billing entity's tax identification number; the license number, registration number, certificate number, or National Provider Identifier of the health care provider; the employer; the employee; the date of injury/occurrence; the date of service; the work-related injury or disease treated; the appropriate procedure code(s) for the work-related injury or disease treated; and the charges for each procedure code. Bills properly submitted on standardized claim forms prescribed by the Centers for Medicare & Medicaid are sufficient to comply with this requirement. Uncoded bills may be returned for coding.
2. Bills for insured employers must be submitted directly to the insurer of record on the date of injury/illness. Health care providers shall attempt to verify the name of the insurer that wrote the workers' compensation policy for the specific employer on the date of injury/illness prior to the submission of a bill to an insurer.
3. In the event a patient fails to keep a scheduled appointment, health care providers are not to bill for any services that would have been provided nor will there be any reimbursement for such scheduled services.
4. A bill must be accompanied by health care records to substantiate the services rendered. Fees for copies of health care records are outlined below.

1.07 REIMBURSEMENT

1. The injured employee is not liable for payment of any medical, surgical and hospital services, nursing, medicines, and mechanical, surgical aids provided pursuant to 39-A M.R.S.A. § 206. Except as provided by 39-A M.R.S.A. § 206(2)(B), health care providers may charge the patient directly only for the treatment of conditions that are unrelated to the compensable injury or disease. See 39-A M.R.S.A. § 206(13).

2. Changes to bills by employers/insurers are not allowed. The employer/insurer must pay the health care provider's usual and customary charge or the maximum allowable payment under this chapter, whichever is less, within 30 days of receipt of a properly coded bill unless the bill or previous bills from the same health care provider or the underlying injury has been controverted or denied.
 - A. When there is a dispute whether the provision of medical, surgical and hospital services, nursing, medicines, and mechanical, surgical aids is reasonable and proper under § 206 of the Act, the employer/insurer shall pay the undisputed amounts, if any, and file a notice of controversy within 30 days of receipt. A copy of the notice of controversy must be sent to the health care provider from whom the bill originated in accordance with Chapter 3.
 - B. In cases where the underlying injury has been controverted or denied, a copy of the notice of controversy must be sent to each health care provider that submits or has submitted a request for payment within 30 days of receipt.
 - C. A health care provider, employee or other interested party is entitled to file a petition for payment of medical and related services for determination of any dispute regarding the provision of medical services.
3. When there is a dispute whether a request for future medical, surgical and hospital services, nursing, medicines, and mechanical, surgical aids is reasonable and proper under § 206 of the Act, the employer/insurer must file a notice of controversy within 30 days of receipt of the request. A copy of the notice of controversy must be sent to the originator of the request. A health care provider, employee, or other interested party is entitled to file a petition for payment of medical and related services for determination of any dispute regarding the request for medical, surgical and hospital services, nursing, medicines, and mechanical, surgical aids.
4. Payment of a medical bill is not an admission by the employer/insurer as to the reasonableness of subsequent medical bills.
5. Nothing in this chapter precludes payment agreements to promote the quality of care and/or the reduction of health care costs.
 - A. A written payment agreement directly between a health care provider and an employer/insurer supersedes the maximum allowable payment otherwise available under this chapter.
 - B. A written payment agreement between a health care provider and an entity other than the employer/insurer seeking to invoke its terms supersedes the maximum allowable payment otherwise available under this chapter only if the employer/insurer is a contractual beneficiary of the payment agreement on the date of service.
 - C. An employee retains the right to select health care providers for the treatment of an injury or disease for which compensation is claimed regardless of any such payment agreement.

- D. An employer/insurer that invokes a payment agreement to pay an amount that is different from the maximum allowable payment otherwise available under this chapter shall reference that payment agreement in the employer/insurer's explanation of payment or benefit.
- E. In the event of a dispute as to whether there is a payment agreement that supersedes the maximum allowable payment otherwise payable, the burden is on the party invoking the payment agreement to provide a written contract between the provider and the network within 30 days of a provider's request. This contract must establish the party's right to pay an amount different than provided in this chapter. Failure to produce the contract within 30 days of a request will result in the bill being subject to the maximum allowable payment established in this chapter.
6. Payment to out-of-state health care providers who treat injured employees pursuant to 39-A M.R.S.A. § 206 are subject to this chapter.
7. Modifiers which affect reimbursement are as follows:

SECTION 2. PROFESSIONAL SERVICES**2.01 PAYMENT CALCULATION**

1. Pursuant to 39-A M.R.S.A. § 209-A, the medical fee schedule for services rendered by individual health care providers must reflect the methodology underlying the federal Centers for Medicare and Medicaid Services resource-based relative value scale.
2. Fees for anesthesia services are calculated for procedure codes by multiplying the applicable conversion factor times the sum of the base unit (relative value unit (RVU) of the procedure code plus any modifying units) and time unit. The definition of the unit components are as outlined below. The conversion factor for anesthesia services is \$60.00.
3. Fees for all other professional services are calculated for procedure codes by multiplying the applicable conversion factor times the non-facility total RVU. The conversion factor for all other professional services is \$60.00.
4. Fees for professional services (excluding anesthesia) are as outlined in Appendix II. In the event of a dispute regarding the fee listed in Appendix II, the listed relative weight times the base rate controls.

2.02 EVALUATION AND MANAGEMENT GUIDELINES

1. Definition of New Patient
 - A. A new patient is one who has not received any professional services from the health care provider (or another health care provider of the exact same specialty and subspecialty who belongs to the same group practice) within the past three years, or
 - B. A new patient is one who is being evaluated for a new injury/illness to determine work relatedness/causality, or
 - C. A new patient is one who is being seen for a new episode of care for an existing injury/illness.
2. Payments for New Patient Visits

Only one new patient visit is reimbursable to a health care provider (or another health care provider of the exact same specialty and subspecialty who belongs to the same group practice) for the same patient relating to the same episode of care.
3. For purposes of this section, “episode of care” includes all the professional services provided by the health care provider (or another health care provider of the exact same specialty and subspecialty who belongs to the same group practice) for the same patient for the same injury/illness from date of initial examination to date of discharge from care.

2.03 ANESTHESIA GUIDELINES

1. Definition of the Unit Components

A. Base Unit: RVU of the five digit anesthesia procedure code (00100-01999) listed in Appendix II plus the unit value of the physical status modifier plus the unit values for any qualifying circumstances.

Physical Status Modifiers. Physical Status modifiers are represented by the initial letter 'P' followed by a single digit from 1 to 6 as defined in the following list:

	UNIT VALUE
P1: A normal healthy patient	0
P2: A patient with mild systemic disease	0
P3: A patient with severe systemic disease	1
P4: A patient with severe systemic disease that is a constant threat to life	2
P5: A moribund patient who is not expected to survive without the operation	3
P6: A declared brain-dead patient whose organs are being Removed for donor purposes	0

Qualifying Circumstances. More than one qualifying circumstance may be selected. Many anesthesia services are provided under particularly difficult circumstances, depending on factors such as the extraordinary condition of patient, notable operative conditions, and/or unusual risk factors. This section includes a list of important qualifying circumstances that significantly affect the character of the anesthesia service provided. These procedures would not be reported alone, but would be reported as additional procedure numbers qualifying as an anesthesia procedure or service.

UNIT VALUE

99100:	Anesthesia for patient of extreme age, under one year and over seventy	1
99116:	Anesthesia complicated by utilization of total body hypothermia	5
99135:	Anesthesia complicated by utilization of controlled hypotension	5
99140:	Anesthesia complicated by emergency conditions (an emergency is defined as existing when delay in treatment of the patient would lead to a significant increase in the threat to life or body part)	2

B. Time Unit: Health care providers must bill the number of minutes of anesthesia time. One time unit is allowed for each 15 minute time interval, or significant fraction thereof (7.5 minutes or more) of anesthesia time. If anesthesia time extends beyond three hours, one time unit for each 10 minute time interval, or significant fraction thereof (5 minutes or more) is allowed after the first three hours. Documentation of actual anesthesia time is required, such as a copy of the anesthesia record.

2. Calculation Examples

A. In a procedure with a RVU of 3 (no modifiers) requiring one hour of anesthesia time, the total units are determined as follows:

Base Unit	3.0 units
Time Unit	+ 4.0 units
Total Units	= 7.0 units

B. In a procedure with a RVU of 10, modifying units of 1 and qualifying circumstances of 2, requiring four hours and thirty minutes of anesthesia time, the total units are determined as follows:

Base Unit	13.0 units
Time Unit (First three hours)	+ 12.0 units
Time Unit (Subsequent 90 minutes)	+ 9.0 units
Total Units	= 34.0 units

C. In both cases, the maximum allowable payment is determined by multiplying the total units by the conversion factor.

$$\text{Total Units X Conversion Factor} = \text{Maximum Allowable Payment}$$

2.04 SURGICAL GUIDELINES

1. For surgical procedures that usually mandate a variety of attendant services, the reimbursement allowances are based on a global reimbursement concept. Global reimbursement covers the performance of the basic service and the normal range

of care required before and after surgery. The normal range of post-surgical care is indicated under "Global Days" in Appendix II. The maximum allowable payment for a surgical procedure includes all of the following:

- A. Any visit that has as its principal function the determination that the surgical procedure is needed.
 - B. All visits which occur after the need for surgery is determined and are related to or preparatory to the surgery.
 - C. Surgery.
 - D. All post-surgical care services, which are routinely performed by the surgeon or by members of the same group within the same specialty as the surgeon, including removal of sutures.
2. The following four exceptions to the global reimbursement policy may warrant additional reimbursement for services provided before surgery:
 - A. When a pre-operative visit is the initial visit and prolonged detention or evaluation is necessary to prepare the patient or to establish the need for a particular type of surgery.
 - B. When the pre-operative visit is a consultation.
 - C. When pre-operative services are provided that are usually not part of the preparation for a particular surgical procedure. For example, bronchoscopy prior to chest surgery.
 - D. When a procedure would normally be performed in the office, but circumstances mandate hospitalization.
 3. Additional charges and reimbursement may be warranted for additional services rendered to treat complications, exacerbation, recurrence, or other diseases and injuries. Under such circumstances, additional reimbursement may be requested.
 4. An incidental surgery will not be paid under the Workers' Compensation system.
 5. When two or more surgical procedures are performed at the same session by the same individual, the highest weighted surgical code is paid at 100% of the fee listed in Appendix II and additional surgical procedures are paid at 50% of the fee listed in Appendix II. Add-on codes are not subject to discounting.

2.05 DURABLE MEDICAL EQUIPMENT, PROSTHETICS, ORTHOTICS, AND SUPPLIES

1. The employer/insurer must pay for all durable medical equipment, prosthetics, orthotics, and supplies that are ordered and approved by the treating health care provider.

2. Fees for durable medical equipment, prosthetics, orthotics, and supplies are as outlined in Appendix II. Invoices need not be requested by the employer/insurer.

SECTION 3. INPATIENT FACILITY FEES**3.01 BILLING**

Bills for inpatient services must be submitted on a CMS Uniform Billing (UB-04) form. Health care providers are not required to provide the MS-DRG. Inpatient bills without the MS-DRG do not constitute uncoded bills.

3.02 ACUTE CARE HOSPITALS

The base rate for inpatient services at acute care hospitals is \$11,121.68.

3.03 CRITICAL ACCESS HOSPITALS

The base rate for inpatient services at critical access hospitals is \$11,788.98.

3.04 *[Reserved]***3.05 PAYMENT CALCULATION**

Pursuant to 39-A M.R.S.A. § 209-A, the medical fee schedule for services rendered by health care facilities must reflect the methodology and categories set forth in the federal Centers for Medicare and Medicaid Services severity-diagnosis related group system for inpatient services. Inpatient fees are calculated by multiplying the base rate times the MS-DRG weight. In the event of a dispute regarding the fee listed in Appendix III, the listed relative weight times the base rate controls. For inpatient services that take place during two different calendar years, payment is calculated based on the fees in effect on the discharge date.

3.06 OUTLIER PAYMENTS

The threshold for outlier payments is \$75,000.00 plus the fee established in Appendix III. If the outlier threshold is met, the outlier payment is the charges above the threshold multiplied by 75%.

3.07 IMPLANTABLES

Where an implantable exceeds \$10,000.00 in cost, an acute care or critical access hospital may seek additional reimbursement by submitting a copy of the invoice(s) along with the bill. Invoices need not be requested by the employer/insurer. Reimbursement is set at the actual amount paid plus \$500.00. Handling and freight charges must be included in the hospital's invoiced cost and are not to be reimbursed separately. When a hospital seeks additional reimbursement pursuant to this chapter, the implantable charge is excluded from any calculation for an outlier payment.

3.08 SERVICES INCLUDED

All services provided during an uninterrupted patient encounter leading to an inpatient admission must be included in the inpatient stay. Services do not include costs related to transportation of a patient to obtain medical care. Costs related to transportation are payable separately.

3.09 FACILITY TRANSFERS

The following applies to facility transfers when a patient is transferred for continuation of medical treatment between two hospitals:

1. A hospital transferring a patient is paid as follows: The MS-DRG reimbursement amount is divided by the number of days duration listed for the DRG; the resultant per diem amount is then multiplied by two for the first day of stay at the transferring hospital; the per diem amount is multiplied by one for each subsequent day of stay at the transferring hospital; and the amounts for each day of stay at the transferring hospital are totaled. If the result is greater than the MS-DRG reimbursement amount, the transferring hospital is paid the MS-DRG reimbursement amount. Associated outliers and add-ons are then added to the payment.
2. A hospital discharging a patient is paid the full MS-DRG payment plus any appropriate outliers and add-ons.
3. Facility transfers do not include costs related to transportation of a patient to obtain medical care. Costs related to transportation are payable separately.

3.10 OTHER INPATIENT FACILITY FEES

Inpatient services provided by institutional health care providers other than acute care or critical access hospitals must be paid at 75% of the provider's usual and customary charge.

3.11 PROFESSIONAL SERVICES

Individual health care providers who furnish professional services in an inpatient setting must be reimbursed using the fees set forth in Appendix II. The individual health care provider's charges are excluded from any calculation of outlier payments.

SECTION 4. OUTPATIENT FACILITY FEES**4.01 BILLING**

Bills for hospital outpatient and ambulatory surgical services must be submitted on a UB-04 form. Outpatient hospital facility services performed on the same day for the same patient must be reported on a single UB-04 form.

4.02 ACUTE CARE HOSPITALS

The base rate for outpatient services at acute care hospitals is \$150.05.

4.03 CRITICAL ACCESS HOSPITALS

The base rate for outpatient services at critical access hospitals is \$174.00.

4.04 AMBULATORY SURGICAL CENTERS

The base rate for surgical services at ambulatory surgical centers is \$113.39.

4.05 PAYMENT CALCULATION

Pursuant to 39-A M.R.S.A. § 209-A, the medical fee schedule for services rendered by health care facilities must reflect the methodology and categories set forth in the federal Centers for Medicare and Medicaid Services ambulatory payment classification system for outpatient services. Fees for procedure codes are calculated by multiplying the base rate times the APC weight. In the event of a dispute regarding the fee listed in Appendix IV, the listed relative weight times the base rate controls.

1. For procedure codes with no CPT[®]/HCPCS code or for procedure codes with a status indicator of N, there is no separate payment.
2. If the ACH Fee, CAH Fee or ASC Fee listed in Appendix IV is \$0.00 for a procedure code with a status indicator other than N, then payment must be calculated at 75% of the health care provider's usual and customary charge.
3. When two or more procedure codes with a status indicator of T are billed on the same date of service, the highest weighted code is paid at 100% of the fee listed in Appendix IV and additional T status code procedures are paid at 50% of the fee listed in Appendix IV. Add-on codes are not subject to discounting.
4. When one or more procedure codes with a status indicator of N are billed without any other outpatient services (i.e. non-patient referred specimens or the facility collects the specimen and furnishes only the outpatient labs on a given date of service, etc.), payment must be calculated at 75% of the provider's usual and customary charge.\

4.06 OUTLIER PAYMENTS

The threshold for outlier payments is \$2,500.00 per procedure code plus the fee listed in Appendix IV. If the outlier threshold is met, the outlier payment is the charges above the threshold multiplied by 75%. If a bill has more than one surgical procedure with a status indicator of J, S or T and one or more of those procedures has less than a \$1.01 charge, charges for all status J, S and T lines are summed and the charges are then divided across the J, S and T lines in proportion to their APC payment rate. The new charge amount is used in place of the submitted charge amount in the outlier calculation.

4.07 IMPLANTABLES

Where an implantable exceeds \$250.00 in cost, hospitals or ambulatory surgical centers may seek additional reimbursement (regardless of the status indicator) by submitting a copy of the invoice(s) along with the bill. Invoices need not be requested by the employer/insurer. Reimbursement is set at the actual amount paid plus 20% or the actual amount paid plus \$500.00, whichever is less. Handling and freight charges must be included in the facility's invoiced cost and are not to be reimbursed separately.

4.08 SERVICES INCLUDED

Outpatient services include observation in an outpatient status.

4.09 TRANSFERS

The following applies to facility transfers when a patient is transferred for continuation of medical treatment between two facilities:

1. A hospital or ambulatory surgical center transferring a patient is paid the maximum allowable payment established in this section.
2. A hospital discharging a patient is paid the full MS-DRG payment plus any appropriate outliers and add-ons per section 3.
3. Facility transfers do not include costs related to transportation of a patient to obtain medical care. Costs related to transportation are payable separately.

4.10 OTHER OUTPATIENT FACILITY FEES

Outpatient services provided by institutional health care providers other than acute care or critical access hospitals and ambulatory surgical centers (e.g. clinical medical laboratories, free standing outpatient facilities, etc.) must be paid at 75% of the provider's usual and customary charge.

4.11 PROFESSIONAL SERVICES

Individual health care providers who furnish professional services in an outpatient setting must be reimbursed using the maximum fees set forth in Appendix II. The individual health care provider's charges are excluded from any calculation of outlier payments.

DUTIES OF HEALTH CARE PROVIDERS

Pursuant to 39-A M.R.S.A. § 208(2), duties of health care providers are as follows:

- Except for claims for medical benefits only, within 5 business days from the completion of a medical examination or within 5 business days from the date notice of injury is given to the employer, whichever is later, the health care provider treating the employee shall forward to the employer and the employee a diagnostic medical report, on forms prescribed by the board, for the injury for which compensation is being claimed. The report must include the employee's work capacity, likely duration of incapacity, return to work suitability and treatment required. The board may assess penalties up to \$500 per violation on health care providers who fail to comply with the 5-day requirement of this subsection.
- If ongoing medical treatment is being provided, every 30 days the employee's health care provider shall forward to the employer and the employee a diagnostic medical report on forms prescribed by the board. An employer may request, at any time, medical information concerning the condition of the employee for which compensation is sought. The health care provider shall respond within 10 business days from receipt of the request.
- A health care provider shall submit to the employer and the employee a final report of treatment within 5 working days of the termination of treatment, except that only an initial report must be submitted if the provider treated the employee on a single occasion.
- Upon the request of the employee and in the event that an employee changes or is referred to a different health care provider or facility, any health care provider or facility having medical records regarding the employee, including x rays, shall forward all medical records relating to an injury or disease for which compensation is claimed to the next health care provider. When an employee is scheduled to be treated by a different health care provider or in a different facility, the employee shall request to have the records transferred.
- A health care provider may not charge the insurer or self-insurer an amount in excess of the fees prescribed in §209-A for the submission of reports prescribed by this section and for the submission of any additional records.
- An insurer or self-insurer may withhold payment of fees for the submission of any required reports of treatment to any provider who fails to submit the reports on the forms prescribed by the board and within the time limits provided. The insurer or self-insurer is not required to file a notice of controversy under these circumstances, but must notify the provider that payment is being withheld due to the failure to use prescribed forms or to submit the reports in a timely fashion. In the case of dispute, any interested party may petition the board to resolve the dispute.

Other reminders:

- Except for the header information, the remainder of the M-1 form must be completed by the health care provider. This information is vital to the administration of the claim and the employee's return to work.
- The M-1 form is not submitted to the board.
- Pursuant to Board Rules Chapter 5, a health care provider may charge a fee for completing the initial M-1.
- The attachment of narratives is optional; however, an employer/insurer may request, at any time (for a fee), medical information concerning the condition of the employee for which compensation is sought. The health care provider shall respond within 10 business days from receipt of the request. Pursuant to 39-A M.R.S.A. § 208(1) a medical release is not necessary if the information pertains to an injury claimed to be compensable under the Act (whether or not the claim is controverted/denied).
